Professional Summary

Materials & Metallurgy Engineering graduate with hands-on experience in **quality control, laboratory testing, mechanical testing, corrosion testing, and inspection procedures**. Strong technical exposure to **tensile, hardness, compression, microstructure evaluation, corrosion tests, materials characterization**, and international standards (ASTM, ISO, EN, BS).

Experienced through roles at **OLMRTS, Fast Cables, and SGS Pakistan**, with practical knowledge of QA documentation, SOP compliance, non-conformity reporting, and equipment inspection.

Experience

Safety Engineer – Safety & Technology Department

Orange Line Metro Rail Transit System (OLMRTS), Lahore | 2025 – Present

- Conduct safety and quality inspections of mechanical, electrical, and civil infrastructure.
- Assist with SOP implementation, defect reporting, documentation, and compliance checks.
- Support PDCA-based improvements, incident investigation, and equipment evaluation.

Production Engineer

Fast Cables Ltd. | 2024 – 2025

- Performed **QC checks** on raw materials, insulation polymers, and finished cables.

- Assisted in testing, defect analysis, root-cause identification, and documentation.
- Exposure to **hardness testing**, electrical insulation tests, and material verification.

Quality & Corrosion Intern

SGS Pakistan | 2024

- Hands-on exposure to **ASTM-based corrosion tests, metallurgical evaluation, and NDT basics**.
- Supported laboratory report preparation, QA documentation, and quality inspections.

Fabrication & Maintenance Intern

Ravi Green Engineering | 2023

- Performed basic hardness checks, visual inspection, and welding quality observations.
- Assisted in workshop QA, tool verification, and fabrication monitoring.

Education

BS Metallurgy & Materials Engineering

University of the Punjab, Lahore (2021–2025)

CGPA: 3.43 / 4.0

Relevant Technical Skills

Laboratory & Testing

Tensile, Hardness, Compression, Bend Testing, Microstructure / Metallography, Corrosion Testing (ASTM), Polymers & Coatings Testing, Sample Preparation & Lab Safety

Standards Knowledge

ASTM Standards, ISO 9001 (Awareness), ISO 45001 (Awareness), EN & BS Materials Standards

Quality & Reporting

QC Documentation, Non-conformity Reporting, SOP Implementation, Root Cause Analysis, Data Recording & Report Preparation

Academic Projects & Achievements

- **FYP:** Anodizing AZ31 Magnesium Alloy for Controlled Biodegradability
 - Microstructure Study: Welded SS304
 - Corrosion Analysis: Welded Al-6061
 - Foundry Testing: Sand tests, riser design, charge calculations
 - **Poster Presentation:** International Symposium on Advance Materials(ISAM) 2025 – National Centre for Physics, Islamabad
-

Certifications Awareness:

NDT Level I (Basic), ISO 9001 (QMS), ISO 45001 (OHS), Fire Safety & Emergency Response
