

MUHAMMAD ZAKRIYA

Metallurgy & Materials Engineer

Unit no.9, Latifabad, Hyderabad • +92-348-2721564 • eng.zakriya26@outlook.com

SUMMARY

Detail oriented metallurgical and materials engineer with hands-on experience in quality control, NDT, metallography and material inspection at Karachi Shipyard, Agha Steel Mills and Hi-Tech Pipe & Engineering Industries. Skilled in material testing, documentation, data analysis and industrial operation. Known for adaptability, professionalism and accurate results in fast-paced manufacturing environments.

WORK EXPERIENCE

Intern , Karachi Shipyard & Engineering Works LTD, Karachi Jun 2024 - July 2024

- Performed quality inspection using NDT methods including Ultrasonic Testing (UT) and Dye Penetrant Testing (DPT).
- Observed failure mode analysis and metallurgical testing procedures for ship components.
- Learned about metal casting, heat treatment, and laboratory testing of shipbuilding materials.

Intern, Hitech Pipe & Engineering Industries (PVT) LTD, Kotri, Sindh Jan 2024 - Feb 2024

- Supported QC team in inspecting HDPE and steel pipe sections for dimensional and structural accuracy.
- Observed HDPE extrusion, fabrication processes, weld inspection, and mechanical property evaluation.
- Assisted in documentation and reporting of quality inspection activities.

Intern, Agha Steel Mills LTD, Karachi Jun 2022 - Jul 2022

- Observed steelmaking and rolling mill processes, including EAF melting and continuous casting.
 - Assisted in QC activities such as chemical, hardness, and mechanical testing.
 - Supported documentation and material traceability in the QC department.
-

EDUCATION

Bachelor of Engineering Jan 2021 - Jan 2025

Mehran University of Engineering and Technology, Jamshoro

- Specialization in Metallurgy & Materials.
- Thesis on "Synthesis & Characterization of Borophene".

Intermediate Apr 2018 - Apr 2020

Board of Intermediate & Secondary Education, Mirpurkhas

- Pre-Engineering
-

ADDITIONAL INFORMATION

- **Technical Skills:** Metallography, NDT, Mechanical Testing, Failure Mode & Effects Analysis (FMEA), Documentation & Technical Reporting, Data Analysis, MS Office, Time Management
- **Languages:** English, Urdu, Punjabi, Sindhi
- **Certifications:** Corrosion Control & Prevention Workshop, Excel Expert Level
- **Awards/Activities:** Volunteer – Departmental Alumni Dinner
