

MANOJ KUMAR P

Tech Enthusiast

✉ manojpmanuraj@gmail.com ☎ 9964369927 📍 Bhadravathi | Shivamogga | Karnataka.

📅 27/11/2002 🌐 linkedin.com/in/manoj691b1825b

CAREER OBJECTIVE

Dedicated Metallurgical and Materials Engineering undergraduate seeking opportunities to enhance technical expertise and contribute to engineering processes. strong academic and practical skills in heat treatment, material testing, and additive manufacturing with a focus on optimizing material performance and integrity.

PROFESSIONAL EXPERIENCE

Sumuka Steel Private Limited, Shivamogga, Karnataka, India ----2021-2022 | (1Year)

Managed the process of sand casting, including preparing molds, core making and shakeout. Gained hands-on experience with the operation of furnaces in industries. Operated induction furnaces for melting.

EDUCATION

Bachelor of Technology (Metallurgical and Materials Engineering) (APJ Abdul Kalam Technological University)

Amal Jyothi College of Engineering, (Autonomous), Kottayam, Kerala

2022- 2025
CGPA 7.05/10 (Up to S7)

Diploma (Metallurgy)

(Board Of Technical Educations, Bangalore)

P. E. S. Institute of Technology and Management College, Karnataka

2018-2021
CGPA : 7.59/10

Class 10th grade (Karnataka Secondary Education Examination

Board) Sri Adichunchanagiri High School, Karehalli, Bhadravathi, Shivamogga

2018
CGPA : 7.0/10

PROJECTS

Final Year Project (Additive Manufacturing)

June 2024 - Present

A research project on Selective Laser Melting (SLM) of SiC-reinforced AlSi10Mg composites, To explore and optimize the powder bed fusion technology Process for SiC-reinforced AlSi10Mg composites, enhancing its mechanical properties and overall performance for industrial. Conducted material characterization through scanning electron microscopy (SEM) and energy-dispersive X-ray spectroscopy (EDX). Analyzed the effects of process parameters (laser power, scan speed) on the microstructure and mechanical properties of the composite.

Mini Project (Funded by Innovation Ideas Unleashed, AJCE)

June 2023 – September 2024

Enhancing Sustainable Recycling of Aluminum Scrap through Advanced Alloy Development. Improving mechanical properties and corrosion resistance. Developed a scalable, waste-minimizing production process

ACHIEVEMENTS

Cash Award Recipient (2018-2021)

Semester top performer.

Top Performer in Metallurgy Practical Assessments(2019)

Recognized for achieving the highest scores in practical metallurgical testing.

CERTIFICATIONS AND MEMBERSHIPS

NPTEL (April 2024)

powder metallurgical process

Indian Institute of Welding membership (2022-present)

INTERNSHIP AND WORKSHOP

Internship (May 2023): Vijay Technocrats Private Limited, Shivamogga , India.

Participated in quality control measures, including visual inspections and dimensional checks of cast parts.

Internship (August 2024): Sumuka Steel Private Limited, Shimoga, India.

Manufacturing processes related to metal casting and product quality control.

Technical Talk (December 2022).

IIW Organized Talk on “Welding Metallurgy is Total Metallurgy and Welding Engineering”.

One day Workshop(2023August).

AVNL Institute of Learning, Avadi, Chennai.

SKILLS

Laboratory .

Heat Treatment ,Welding (TIG, SMAW, MIG) , Corrosion ,Metallography , NDT , Machining Lab , Material Testing (Tension Test, Torsion Test, Double shear Test, Hardness Testing, impact test) .

Software .

Fusion360 , Machine-CAD , MIAS Software for optical microscopy.

LANGUAGES

Kannada | English | Hindi | Telugu
