🌐 Nationality: Indian

Objective

To secure a challenging position in an organization to expand my learning, knowledge and skills.

Area of Expertise

- *Welding Inspection
- *Coating Inspection
- *NDT Reviewing
- *RT Film Interpretation
- *Document Management
- *Reports Making
- *Inspection of Materials
- *Pressure Testing
- *Storage Tanks
- *Pressure Vessel
- *Piping Inspection

Personal Skills

- *Time Management
- *Organizational
- *Proactive & Assertive
- *Flexible & Approachable

SHAHIR P

Mechanical Engineer – QA/QC

PROFILE

Mechanical Engineering and have certification in **CSWIP 3.1 Welding Inspector, API 510, BGAS GR2 Painting Inspector and ASNT NDT Level II** with experience in the field of Quality Assurance/Quality Control and Construction, fabrication, erection, in-service, welding, coating & insulation of **Pipeline, Piping, Equipments, Storage Tanks, Pressure vessels, Drums of CS, SS, Inconel, Cladded, Structural Steels, Columns, Gratings, Pumps, Cranes, HVAC, MEP** and components for Oil & Gas, Water & Power and Refinery with Major International Clients.

Including Preparation of protocols of Daily Inspection reports, ITP, Procedures, fit up, welding, weld visual, Preparation heat treatment, NDT Coordination, Magnetic Particle & Penetrate testing, Radiography testing, Ultrasonic testing, Review of Radiography & Interpretation, Coating & Painting Inspection of before, during & after, Review of As-built drawings for various projects with respective to international codes and standards. Experienced in **Material receiving and Pressure Testing**.

EDUCATION

***Bachelor of Technology (B. Tech) in Mechanical Engineering**
MG University - FISAT Engineering College, India.

*Membership in 'Saudi Council of Engineers' - SCE ID #693562
*Membership in 'American Society of Mechanical Engineers' -ASME, #102042624

CERTIFICATION

- Certification in **API 510 - Pressure Vessel Inspector, ID#107822**
- Certification in **Welding Inspector- CSWIP 3.1, TWI- UK. ID#112184/2**
- Certification in **Painting Inspector- BGAS Gr.2, TWI- UK. ID#335693**
- Certification in Non-destructive testing of 'American Society of Non-Destructive Testing' - **ASNT NDT LEVEL II** in:
 - * Ultrasonic testing level II
 - * Radiographic testing level II
 - * Penetrate testing level II
 - * Magnetic particle testing level II

PROFESSIONAL EXPERIENCE:

1. Company: Fichtner GmbH Consulting Engineers (PMC)

Fichtner has evolved from an engineering Germany's leading independent firm of consulting engineers, and it is now among the front-runners internationally. The Fichtner Group with its subsidiaries and associated companies comprising mainly engineers, economists and management consultants covering a wide variety of specialist fields.

Position: Mechanical Engineer

Duration: 01-09-2022 to till date

Project: Khobar-Hofuf Water Transmission Project (KHWTs)

Client: Saline Water Conversion Co (SWCC)

2. Company : KHATIB & ALAMI Engineering Consulting Company (PMC)

Khatib & Alami is a multidisciplinary Engineering Consulting Company. It was established in 1964 & involved in various firms like Construction of Reservoirs, Architecture & Planning, Infrastructure, Energy, GSI and Program Management Services. Company has been ranked 46 on ENR's 2018 Top 225 International Design.

Position: Mechanical & Welding Inspector

Duration: 26-03-2019 to 02-11-2021

Client: National Water Corporation (NWC) & MEWA

Projects: Construction of Reservoirs (Storage Tanks), Saudi Arabia.

#Constructed 3 Tanks of the capacity 100,000m³, 2 Tanks of 30,000m³,
1 Tank of 50,000m³ & 17km Pipeline & Pumpstations.

3. Company : SEPCOIII Power Construction Corporation Co (EPC)

SEPCOIII offers the construction of power plants via the EPCC method ([Engineering, Procurement, Construction, Commissioning](#)). Company engineered by the construction of Thermal power plants, Nuclear power plants, Hydro power etc, as well as substations. Since its founding, it has constructed with a total capacity of 86000MW.

Position : QA/QC Engineer

Duration : 28-04-2018 to 10-03-2019

Project : Yanbu Power and Desalination Plant PhaseIII, Saudi Arabia.

Client : Fichtner(Consultant) / Saline Water Conversion Co (SWCC)

4. Company : HIDADA Limited- Jeddah, Saudi Arabia

Hidada is qualified and authorized with ASME Stamps (U, U2, S, PP, R & NB) and ISO 9001 and ISO 14001 certificates for fabrication and repair work of Process Equipment. A company engaged in the Design, Fabrication of Pressure Vessels, Storage Tanks, Piping, structural steels, Air Heaters and Gratings.

Position : QC Inspector (Mechanical & Painting)

Duration : 11-03-2016 to 18-04-2018

Projects : Fadhili Gas Program (FGP), IGCC Jizan Refinery-Aramco, Maden Phosphate, Petro Rabigh Expansion, Al Zour KNPC Kuwait, Alba Bahrain etc.

5. Company : Shakthi Engineering Co.

Position : QC Engineer (Trainee)

Duration : 15-12-2014 to 02-11-2015

Project : Expansion Project at Mangalore Refinery

Client : Mangalore Refinery

Major Job Responsibility:

- Collect and review and implement the project specific ITP/ Welding packages/ Approved Drawings/ Procedures etc. from Project/QC Manager.
- Design review for the technical submittals, Drawing, FAT, SAT reports etc
- Monitor the Site activities and progress of contractor in terms of timely completion and adherence to standards.
- All the site regarding all project sub-contractor aspect regarding site and construction, Safety, Security, Environment, Schedule, Quality control, cost etc
- To check that Sub-contractors compile and maintain updated construction documents, procedures, plans and pertinent information related to site work.
- Have regular meetings with all related Subcontractors engineers, supervisors, foremen to meet targets and goals.
- Monitoring & updating project progress
- Excellent communication & interpersonal skills with strong analytical, team building, problem solving and organizational abilities.
- Interpretation of Drawings Like GAD, P&ID, Isometric, Erection etc.
- Receive and inspect the materials (Beams, plates, pipes, flanges (B16.5, 16.47), fittings (B16.9), etc. & Review with MTC and NDT requirements wherever needed according to ASTM & ASME SEC II.
- Prepare the Inspection test plan & conduct welder qualification test.
- Perform Fit up and Welding Inspection of **Piping, Pipeline** as per drawing.
- Ensuring that the fabrications carried out in accordance with the approved plans, spec and procedures and regard also with the material grade (PMI) and welding works carried out by qualified welders in accordance with the approved WPS.
- Checking the pre weld inspections like bevel angle, rootface, rootgap, mis alignment, material grade, schedule, thickness, diameter etc
- Check the line with test pack compare with P&ID and isometric issuing the punch list as

well as clear the punch items before & after pressure test on completed piping.

- Prepare & review test package with punch list & weld log summary then release to Hydrotest.
- Verification and certification of as built drawing if any.
- Perform Visual & Dimension Inspection of **structural Steels** (Columns, Beams, Rafter, Channels, Sections, heavy structures etc)
- Perform fit up inspection of **Pressure vessels (SS, Cladded, Inconel, slope)** as per Drawing, verify all the visual & dimensional requirements and accept / return for rectification as needed according to **ASME SEC VIII DIV 1** & Aramco standards 32-SAMSS-004, SAES-W-010.
- Perform dish head inspection according to ASME SEC VIII DIV 1 (UG-32,80,81).
- Fitup Inspection of **Storage Tanks**, verify all the visual & dimensional requirements and accept / return for rectification as needed according to **API 650** & Aramco standards 32-SAMSS-005, SAES-W-017 and prepare the reports.
- Inspection of bottom plate, annular plate, shell & roof plate welding as per drawing.
- Inspection of Bottom & Roof plate **Vacuum box test** as per procedure & API 650.
- Inspection of Bottom/Annular plate to shell plate welding **Penetrate Oil test** or dye Penetrate test.
- Responsible for inspection of Tanks such as **Plumbness** & Roundness.
- Inspection of **Peaking & Banding** of horizontal and Vertical Joints.
- Perform final visual & dimensional inspection of all completed Storage Tanks & Pressure Vessels as per drawings.
- Inspection HVAC Equipment's, Duct works, tests for ducts etc.
- Inspection of MEP (Mechanical, electrical & Plumbing) for buildings.
- Follow ITP stages and offer to clients whenever needed (like Witness, Hold, Review points)
- Prepare and update the welding matrix, summary, material traceability
- Check the weld visual and offer to the NDT according to ITP & Codes.
- Coordinate with NDT department and check the requirements of NDT whether complete or not according to ITP and standards.
- I have experience to check various types of NDT activities like **UT- MPI- PT-RTFI**.
- I have experience in **Phased Array UT (PAUT)**.
- Monitor the welding, welding operators and electrode ovens according to the procedure (ASME SEC IX, WPS, WPQR).
- Witnessed Procedure Qualification Testing of Welding.
- Performed Ferrite test and serration test.
- Familiar with different welding methods like SMAW, GTAW, EGW, SAW, FCAW etc.
- Welding on various materials like stainless steel, Carbon Steel and Alloy Steels.
- Monitoring PWHT and review the PWHT reports and chart.

- Review the hardness report Verify the hardness limit of PWHT'ed weld joint as per the codes and standards.
 - Raise the NCR whenever nonconformance observed.
 - Perform **Pneumatic & Hydro Test** and selection of pressure gauges according to procedure and standards.
 - Preparing & Receive the Erection Complete Certificate (ECC), MCC Package & Final Quality Dossier as per Project requirements.
 - Participate in Internal, client meetings etc. on matters related to Quality & Production.
 - Familiar with codes and standards like **ASME B 31.1, 31.3, 31.4, SECTON VIII, IX, AWS D1.1, API 650,1104, ASTM, ASHRAE, BS EN,SAMSS, SAES, SAEP, SATIP, SAIC etc**
-
- **Painting / Coating / Insulation inspection of Piping, Structural steels, Pressure Vessels, Storage Tanks & Industrial Equipments**
 - Inspected **FBE** coating, Wrapping, **Lining + PTFE**, Hot & Cold Insulation
 - Inspection of Insulation (Verify thickness, Type, Material, packing etc) as per Drawing & procedure and release to Cladding and verify cladding requirements.
 - Execute Painting / coating inspection work as per company / project ITP.
 - Before Painting application (check: surface preparation, cleanliness degree, surface roughness, blasting grade, salt contamination measurement, surface defects, blasting abrasives) as per Procedures and Client specifications.
 - During Painting application (check: weathering conditions, steel temperature, WFT, multi component mixing ratio, painting tools, thinning, application technique) as per material Safety data sheet.
 - Visual Inspection after each coat (verify correct shade, degree of gloss, free from tackiness, cracks, pinholes, run, sags, wrinkles, patches, brush marks or other defects that may deleterious to the quality of coating)
 - After painting application (check: DFT, adhesion, holidays, drying, and paint defects) as per client standards and specifications.
 - Experienced in FBE Coating & Lining.
 - Responsible for painting works and inspection of surface preparation, damage & defects of steel and follow up all relevant painting stages.
 - Check the repair & touch up and marking the defect as per Procedures and inform to Engineer of Testing.
 - To check and monitor all painting / coating related works and ensure all final products meet in accordance with procedure, client requirement and international codes.
 - Prepare all necessary QA/ QC painting/ coating documents and handed over to client's review.
 - Familiar with Painting Data sheet, Codes & Stds like SSPC, NACE, SAES H 001, 100, 101, 101v, BGAS etc

Project Involved Briefly:

Company	Inspected Equipment	Project	Client
Fichtner	Pipelines, Piping, Storage tanks, Pressure Vessels, Pumpstation & Buildings (HVAC & MEP)	Khobar-Hofuf Water Transmission	SWCC
Khatib & Alami	Storage Tank & Piping, Buildings	Construction of Tank in Medical City (50,000m ³ ; 61m Dia)	National Water Corporation-NWC
Khatib & Alami	Pipeline	17 KM DN600 Carbon Steel Pipeline	National Water Corporation-NWC
Khatib & Alami	Pipelines, Piping, Storage tanks, Pressure Vessels, Pump station & Buildings (HVAC & MEP)	Construction of Strategic Tanks in North Abha (2 Tanks: 30,000m ³ ; 51mDia)	Ministry of Environment Water & Agriculture-MEWA/NWC
Khatib & Alami	Storage Tanks, Pipeline & HVAC	Reservoirs in South Abha (3 Tanks: 100,000m ³ ; 91m Dia) & 3km Pipeline	Ministry of Environment Water & Agriculture-MEWA/NWC
SEPCO III	Piping & Equipments	Yanbu Power & Desalination Plant	Fichtner / SWCC
HIDADA	Pressure Vessels	Fadhili Gas Program (FGP)	TechnicasReunidas/Aramco
HIDADA	Pressure Vessels	Project Clean Fuel & SRU	KT/ PetroRabigh
HIDADA	Pressure Vessels	Jazan IGCC Project	Snaprogetti/Saudi Aramco
HIDADA	Pressure Vessels	Modify Process Equipment	SABIC
HIDADA	Pressure Vessels	Combine cycle power plant	GAMA Power Systems Ltd
HIDADA	Pressure Vessels	Vapour Recover Unit-VRU	John Zink /Aramco
HIDADA	Storage Tanks	JIGCC Project	Veolia Oil&Gas / Aramco
HIDADA	BuOH Hold-DRUMS	D-458 Capacity Expansion	PetroRabigh

HIDADA	Air Heater	Replace Existing AirHeater	TecnicasReunidas/Sabic
HIDADA	Structural Steels	Alba- Potline Steel Assem	Bechtel/ Alba- Bahrain
HIDADA	Structural Steels	Al-Zour Refinery Project	TSHJ/ KNPC- Kuwait
HIDADA	Structural Steels	Khurais Facilities Expansion	Saipem/Aramco
HIDADA	Structural Steels	Jazan IgccAsu Project	AirProducts
HIDADA	Structural Steels	Ma'aden Umm Wual Project	Flour Arabia
HIDADA	Structural Steels	Jazan Refinery Project	HITACHI
Shakthi Engineering	Structural Steel, Piping.	Expansion Project	Mangalore Refinery

TECHNICAL SKILL

Machine: Lathe, Drilling Machine, Grinding Machine, Welding.

Software Packages: AutoCAD, adobe, MS Office etc.

PC Languages: Basics of C, C++.

Operating System: Windows XP, 8, 10, Ubuntu.

ACADEMIC EXPERIENCE

Project: Safe Stability of Boat

Seminar: Regenerative Braking System

PERSONAL PROFILE

Fathers Name : Mohammed Usman
Date of Birth : 10/10/1992
Nationality : Indian
Marital status : Married
Iqama : Transferable- ID# 2404075877
Driving License : Saudi Arabia & India
Languages : English, Hindi, Arabic, Malayalam.

DECLARATION

I confirm that the information given in this form is true to do the best of my knowledge and belief.
