EDUCATION

University of Technology Nowshera
BSc *Mechanical Engineering Technology*

Relevant Coursework: Applied Thermodynamics, Industrial Material, Instrumentation & control system, Machine Design, Manufacturing Processing, Mechanical Vibration,

Government College of Technology Nowshera
Diploma in Mechanical Technology

Relevant Coursework: projects and industrial training, welding and foundry, work shop practice theory of mechanics English communication skills Computer Application skills

Al-Haq Public School Nowshera city
Matriculation: Science
Relevant courses: science courses; biology, chemistry.

WORK & LEADERSHIP EXPERIENCE

Sui Northern Gas Pipelines limited (Assistant Engineer)

I was working part time in Sui Northern Gas Pipelines Limited as a Trainee Engineer in Transmission Department Nowshera while studying to gain experience and support myself.

Data downloading of electronic volume corrector (EVC'S) & flow computers. (FCS)

- Worked on maintenance and inspection of mechanical systems like, valve, pipelines, compressors regulators, and hydrotesting, recorders charts filters elements.
- Duties include routine maintenance, repaired and modification of electronic volume corrector & flow computers.
- Odorant oil tanks refilling duties & commissioning shutdowns duties of SMS (sales meter stations).
- Calibration of flow computers for ensure accurate measurements of gas consumption.
- Installation of flow computers & electronic volume corrector, regulators valves pipelines etc.
- Knowledge of flow computers (fcs) & electronic volume corrector (EVCS) and their software like FB1200, 107 Bristol Field tools Tech view Master link etc.

Pakistan Locomotive Factory Risalpur (Internship)

Assisted in office work related to machinery documentation.

Assigned unique machine coding names for easy identification, tracking, and maintenance.

- Helped maintain organized machine records and technical logs.
- Skills fitter fabricator (BPS-6) with China project from 25/07/2016 to 30/12/2017.
- Fabrication and welding experience.

Work Permit Receiver (WPR)

Training certificate received from HIQUAL UK approved training center HSE Academy Pvt Ltd.

Types of work permits.

Hot work permit, cold work permit, confined space permit, electric work permit, excavation permit, height work permit,

Strong knowledge of all work permits and engineering works.

- level 3 diploma in Quality control Quality assurance in mechanical

ACADEMIC PROJECTS

Eco Friendly Solar Mini Car (FYPP Project)

Designed and developed an eco-friendly solar powered mini car prototype integrating renewable energy concepts with sustainable design to promote green mobility solution.

- Equipped with photovoltaic panels to harness sunlight converting it into electric energy stored in onboard batteries.
- Includes an electric motor, battery storage system, and electric control unit to manage power flow from panels to motors and/or battery.

Fabrication of Locomotive train gear cases (PLF RISALPUR)

Designed and fabricated a model of a locomotive train bogies train gear cases, focusing on its structure, working principle, and steam generation process.
Gained hands-on experience in sheet metal work, welding, and assembly.

SKILLS & COMPETENCIES
