

Hamza Khan

Clifton Block - 06, Karachi

03423279811 | hamzakhanofficial@gmail.com

Objective

A dedicated Metallurgy and Materials Engineer with a solid foundation in quality management, corrosion protection, ceramics, nanomaterials, and advanced materials. Eager to contribute technical expertise and analytical skills to a forward-thinking organization focused on innovation, reliability, and material performance. Skilled in material selection, inspection techniques, and process optimization.

Experience

- Karachi shipyard & Engineering Work** 23-8-23 - 25-9-23
Former X-interne
4 weeks internship in the following department: 1) Foundry, 2) QC-NDT, 3) laboratory

Education

- Dawood University of Engineering & Technology** 2025
Metallurgy & Materials Engineering
CGPA 3.15
- Shah Abdul Latif Collage Mirpurkhas** 2020
Intermediate
A+

Skills

- MS office
- MatEditor
- Problem Solving
- Attention to details
- Project Management
- Team Collaboration
- Communication
- Adaptability & Learning Ability

Research Projects

- Development of Dual-Functional Fish Skin Grafts for Burn and Wound Healing (FYDP)**
Conducted an in-depth study and experimental development of biologically active skin grafts derived from fish skin, aimed at providing antimicrobial and regenerative functionality for the treatment of burns and chronic wounds. The project involved material characterization, surface treatment, cross-linking techniques, and performance evaluation to enhance biocompatibility and therapeutic efficacy. ensuring the graft's potential as a cost-effective and sustainable alternative to conventional wound dressings.
- Polymer Tiles From Waste Polymer Materials**
A polymer tile was made using waste polymer materials. The process involved placing the materials into an iron mold and applying heat, which allowed the polymers to melt and take the shape of the mold, forming a solid, durable tile after cooling.

Achievements & Awards

- Quality improvement and Management Certificate
- Protecting the world: Introducing Corrosion Science Certificate
- Certificate of Appreciation for contributing and continued Work For ASM DUET Chapter
