

SHAH ZAIB LIAQAT

QC Engineer

Contact: +966561326295

Email: shahzaibliaqat8@gmail.com

Address: Sadiq Abad, Pakistan

PROFILE

- 06 Years experience as an QC Engineer in Oil and Gas, Fertilizer and Petro-Chemical Plants
- Certification in **CSWIP 3.1, API-510, API-653, API-570**
- Familiar with ASME & ASTM standards

CAREER OBJECTIVE

I intend to build a career with progressive cooperation, aim to become a dependable team member utilizing my knowledge, skills, potential, and expertise. I am an ambitious engineer with a strong academic background, excellent communication skills, and a good working understanding of Mechanical procedures and activities. Right now, I am looking for a QA/QC Engineer/Inspector position with a company like yours, that not only provides a stimulating and challenging environment, but also opportunities for career growth and promotion.

PROFESSIONAL EXPERIENCE - 06 YEARS

- Work as a Lead QC Engineer (Mechanical/Welding/Coating) at **Sea Island-III Ras Tanura (ARAMCO OFFSHORE)** Maintenance project December-24 with **Abdullah A. Al Barrak & Sons Co. KSA (Continue)**
- 02 months worked as a QC Engineer (Mechanical/Welding) at **Ju'aymah NGL MOD-I (ARAMCO)** Turn-Around October-24 with **Abdullah A. Al Barrak & Sons Co. KSA**
- 02 weeks worked as a QC Engineer (Mechanical/Welding) at **Aindar GOSP-II (ARAMCO)** Turn-Around October-24 with **Abdullah A. Al Barrak & Sons Co. KSA**
- 02 month worked as a QC Engineer (Mechanical/Welding) at **Aindar GOSP-VI (ARAMCO)** Turn-Around August-24 with **Abdullah A. Al Barrak & Sons Co. KSA**
- 02 month worked as a QC Engineer (Mechanical/Welding) at **Shaybah GOSP-III (ARAMCO)** Turn-Around May-24 with **Abdullah A. Al Barrak & Sons Co. KSA**
- 01 month worked as a QC Mechanical Inspector at **Arabian Petrochemical Company/Petrokemya-South OLF-II (SABIC)** Turn-Around January-24 with **Abdullah A. Al Barrak & Sons Co. KSA**
- Two weeks worked as a QC Mechanical Inspector at **Arabian Petrochemical Company/Petrokemya-South PVC-VCM (SABIC)** shut-down December-23 with **Abdullah A. Al Barrak & Sons Co. KSA**
- Two weeks worked as a QC Mechanical Inspector at **Arabian Petrochemical Company/Petrokemya-North OLF-IV (SABIC)** Shut-Down December-23 with **Abdullah A. Al Barrak & Sons Co. KSA**
- 01 month worked as a QC Mechanical Inspector at **Saudi Iron & Steel Company HADEED (SABIC) Module- D** Turn-Around Oct-23 with **Abdullah A. Al Barrak & Sons Co. KSA**
- 01 month worked as a QC Mechanical Inspector at **Arabian Petrochemical Company/Petrokemya-South (SABIC)** Turn-Around June-23 with **Abdullah A. Al Barrak & Sons Co. KSA**
- 01 month worked as a QC Mechanical Inspector at **Saudi Iron & Steel Company HADEED (SABIC)** Turn-Around May-23 with **Abdullah A. Al Barrak & Sons Co. KSA**

- 01 month worked as a QC Mechanical Inspector at **Arabian Petrochemical Company/Petrokemya-North (SABIC)** Turn-Around March-23 with **Abdullah A. Al Barrak & Sons Co. KSA**
- 2 months worked as a QC Engineer (Mechanical/Welding) at **Engro Polymer and Chemicals Limited** Furnace Rehabilitation Project-2023 with **Descon Engineering Limited**.
- 02 months worked as a QC Engineer (Mechanical/Welding) at **Engro Polymer and Chemicals Limited** Turn-Around 2022-2023 with **Descon Engineering Limited**.
- 02 months worked as Welding Inspector at **Engro Fertilizer Limited** Turn-Around 2022 with **Client**.
- 04 months worked as Welding Inspector at **Sui Northern Gas Pipeline Limited** Project with **Velosi Integrity and Safety**.
- 01 month worked as Welding Inspector at **Engro Fertilizer Limited** Turn-Around 2021 with **CCMC Company**.
- 09 months worked as QC Mechanical Inspector at **Lahore Manufacturing Workshop (Static Equipment Manufacturing)** with **Descon Engineering Limited**.
- 01 month worked as Welding Inspector at **Engro Polymer and Chemicals Limited** Turn-Around 2021 with **Descon Engineering Limited**.

JOB DESCRIPTION

- Perform in-service and out-of-service inspections of Process piping systems in accordance with **API-570** and **ASME B31.3, and company inspection procedures**.
- Prepare and maintain detailed inspection reports, corrosion monitoring records, and inspection data sheets for maintenance planning.
- Verify piping materials, valves, flanges and fittings against specifications and drawings for correct installation and traceability.
- Monitor hydrostatic and pneumatic pressure tests to ensure safety and procedural compliance.
- Perform in-service and out-of-service inspections of Pressure vessels, heat exchangers, and associated components in accordance with **API-510** and **ASME Sec VIII**.
- Evaluate **corrosion rates, remaining life, and MAWP** to determine equipment integrity and fitness for service.
- Prepare and maintain detailed inspection reports, repair recommendations, and equipment history records in the inspection database.
- Participate in **shutdowns, turnaround, and Maintenance** planning, ensuring timely inspection and release of static equipment.
- To conduct visual inspection of weld as per drawing and client requirements.
- Welder qualification as per **ASME Sec IX**
- Engage contractors and applicable third-party organizations with a professional approach and maintain a good working relationship.
- Evaluate the suitability of products and processes at key stages against the prescribed specification requirements.
- Ensure that all material and equipment is properly controlled in a manner which prevents degradation of the material properties.
- To check and record welding parameters and verify compliance with approved welding procedure specification.
- Carryout/Co-ordinate all inspection and test requirements of the project at all stages as per the approved ITP and contract requirements, witness and interpret test results accurately.
- Review of contractor WPS/PQR in accordance with project specification and relevant codes and standards.
- Manage and participate in site quality verification activities (i.e. Quality Walkabout and Procurement Surveillance) and document results using the applicable inspection report template.
- Record and facilitate the follow-up of product related non-conformance results.
- Reviewing in coming material MTC's in accordance with project specification and relevant

codes and standards.

- Reviewing equipment and piping test packages as per marked limit and P & ID.
- IFC drawing review before site visit and maintain all welding inspection record on daily basis.
- Verify latest copies of all the QA/QC procedures, QC Plans and work instructions are available at site in coordination with document controller.
- Identify and raise NCR'S for non-confirmed activities at site.
- Responsible for the implementation of applicable procedures and method of statement.
- Coordination for arrangement of NDT teams in accordance with project requirements.
- Verify calibration status of inspection and testing equipment is valid.
- Site Surveillance for work progress.
- Carry out all the work according to HSE standards and rules.
- Planned the work and organized the site facilities to meet agreed deadlines.
- Verify corrective and preventive action taken for nonconformance.
- Maintain inspection/test status at every stage of inspection.
- Compile and maintain all the records of inspection and test till the end of contract.
- Corrective action against internal and external violations with preventive action.
- Monitoring construction group according to quality manners.
- Coordination with construction and quality supervisors/managers.
- Review of project documents (scope of work, standard drawings, IFC drawings, procedures, Method of statement).
- Resolve all site related QA/QC issues and problems.
- Review and supervision of production, manufacturing processes and techniques.
- Monitoring of Weld joint preparation, welding inspection and other fabrication processes.

CERTIFICATION

- **API-570** (Certificate # 129258)
- **API-653** (Certificate # 123716)
- **API-510** (Certificate # 117027)
- **CSWIP 3.1** (Certificate # 474665)
- **Maintenance of Heat-Exchanger**

SOFTWARE SKILLS

- MS Excel
- MS Word
- MS Power Point

OTHER SKILLS

- Motivating and goal oriented.
- Having leadership qualities.
- Ability to tackle critical situations.
- Having a flexible attitude & positive approach.
- Good team, management and communication skills.
