

ABDULMOHSEN ALDOSSARY

Dammam, Saudi Arabia | +966 50 608 2590 | Saerookbb@gmail.com

[LinkedIn Profile](#)

Professional Summary

Electrical Engineer specialized in high-voltage (HV) testing, power transformers, and distribution systems. Hands-on with FAT/SAT, IEC compliance, and quality assurance. Proficient in AutoCAD & Revit (MEP). Track record of improving reliability and safety through standards-driven testing and process optimization.

Professional Experience

Electrical Engineer — GCC Electrical Testing Laboratory

Eastern Region, KSA | May 2024 – Present

- Performed HV testing of insulators and transformers with 98% IEC compliance and zero critical non-conformities.
- Acted as witness inspector for FAT, verifying IEC 60076 / 60060 / 60270 adherence and documentation.
- Prepared test reports, NCRs, and corrective actions; coordinated with QA/QC to close findings on time.
- Conducted tests including Lightning Impulse, AC Withstand, Partial Discharge, Routine/Type Tests.
- Attending Short Circuit Test for MCCBs and insulators according to IEC 60947-2, IEC 62217, IEC 61109, and IEC 61952.

Electrical Engineer — Saudi Power Transformers Co.

Dammam, KSA | Feb 2023 – May 2024

- Supported manufacturing/assembly and testing of power transformers and auxiliaries.
- Applied safety & standards (e.g., IEC 60076, 60502, 62271) reducing incidents 25% and improving equipment reliability 15%.
- Contributed to plant improvement projects, preventive maintenance, and failure-root-cause analysis.

Education

B.Sc. in Electrical Engineering — Alasala University, 2022

Technical Skills

- HV Testing: Lightning Impulse, AC Withstand, PD, Routine/Type tests, MCCB Short Circuit Testing (IEC/IEEE), FAT/SAT
- Power Systems: Transformers, MV/LV distribution, switchgear (IEC 62271), cables (IEC 60502)
- Design & Tools: AutoCAD, Revit (MEP)
- QA/QC & Safety: IEC, IEEE, Aramco Specifications, SEC Specifications, test reports, NCR/CAPA, audit readiness, LOTO, risk assessment

Certifications

- High Voltage Operation, Maintenance & Safety
- SEC Inspector Approved (Transformers, Switchgears, Substation Panels, Insulated Cables, Insulators)
- Power BI Certificate
- Saudi Council of Engineers (SCE) Registration & Approval

Languages

- Arabic (Native), English (Excellent: speaking/reading/writing)
