ABOUT

I am a passionate Graphic Designer and Social Media Marketing with 3 years of design experience and 1 year in digital marketing. I create visually engaging content and manage social media campaigns that drive real results. With 6 months of hands-on UI/UX design experience, I bring user-centered thinking into every project. I'm highly organized and proficient in tools like Notion, ChatGPT, Airtable, Trello, Microsoft To Do, Outlook, Google Drive, and WeTransfer, enabling smooth project execution and team collaboration. I stay updated with design trends and marketing strategies to deliver creative, impactful solutions that support brand growth and audience engagement.
