Industrial Knowledge

- Project Handling
- Monitoring And Recording
- Clients Specification
- Blasting Activities
- Defect Detection
- Surface Inspection
- Marking and Stenciling
- Climatic Conditions
- DFT Measurement
- Aramco Standards
- ISO Standards
- Reports Management
- Laboratory Tests
- Client Communication
- Analyzing And Reporting

Industry Tools

- Salt Contamination Machine (SCM-400)
- Elcometer 319 Dew point Meter
- Elcometer 456 Dry Film Thicknesses Gauge

Career Plan

To obtain an operational position where the job demands the skills of time-bound inspecting, recording, and reporting issues while maintaining a high level of resolving quality issues.

Abstract

A BGAS certified coating inspector having 5 years of experience working in the pipeline coating industry. I have been known for my competency in resolving high-priority quality-related issues within a short period. Throughout my journey, I have gained expertise in using applied research for problem-solving and enhancing teamwork with proficiency.
