Metallurgical Engineering graduate with hands-on experience in the steel industry and currently at casting & manufacturing industries. My jobdesc includes providing technical solutions, enhancing processes, and collaborating across departments to meet operational goals.

EDUCATION

Bachelor Engineering – Metallurgical Engineering (GPA 3.48)
Sultan Ageng Tirtayasa University, Serang

Aug 2018 – Jan 2023

EXPERIENCE

Engineering Staff

Aug 2025 – now

PT. Tembaga Mulia Semanan Tbk., West Jakarta

- **Provided** technical support to ensure smooth plant operations.
- **Contributed** to continuous improvement in quality, reliability, and safety.
- **Collected & analyzed** process data to recommend improvements.
- **Maintained** up-to-date SOPs, operations manuals, quality plan, preventive maintenance checklists, and Quality Management Systems.

Special Vehicle Production Engineer

Jun 2025 – Aug 2025

PT. Korindo Heavy Industry, Balaraja

- **Monitored** production progress and intervene to resolve bottlenecks or delays
- **Designed** and optimize manufacturing workflows, assembly process, tooling for custom vehicle production.
- **Liaised** with design / R&D teams to ensure manufacturability of new designs.
- **Managed** assigned vehicle projects from start to finish.
- **Recorded** non-conformances, modifications and corrective action logs.
- **Arranged** the projects based on Quality Internal Standard & customer requirements.

Jr. Staff Technical Service Engineer

Jun 2023 – Jun 2024

PT. POSCO-IJPC, West Karawang

- **Visited** customers to investigate related problem quality material.
- **Delivered** on-site and remote technical support to **ensured** optimal performance of products in customers side.
- **Carry out** product performance assessments through both field trials and laboratory experiments.
- **Developed** solution marketing activities or challenges related steel products both independently or collaboration with marketing, production and quality departments.
- Prepare **detailed** technical reports on product performance and service activities.
- **Maintained** accurate records of customer interactions, technical issues, resolutions, compensation payment receipt, etc.
- **Supported** audit activities for national standard certification (SNI).

Laboratory Assistant

Jul 2021 – Jul 2022

Metallurgical Laboratory – Sultan Ageng Tirtayasa University, Cilegon

- **Conducted** research and development on metallurgy area.
- **Performed** routine maintenance and calibration of laboratory equipment.
- **Arranged** schedule & participant for practicum activity, which each period **reaches** 100 personnel.
- **Ensured** adherence to **Standard Operating Procedures (SOPs)** and quality standards.
- **Assisted** in maintaining a clean and organized laboratory environment.
- Familiar to **operated** testing tools, such as Optical Microscope, Universal Testing Machine, Impact Tester, Furnace, etc.

Final Project Researcher

Apr 2021 - Nov 2022

Nanomaterial & Process Technology – Sultan Ageng Tirtayasa University, Cilegon

- **Reviewed** academic journals and case studies to provide context for the research project about Radar Absorbent Material (RAM) using Barium Hexaferrite with dopants Mg-Al.
- **Performed** characterization & analysis, such as X-Ray Diffraction, Particle Size Analyzer, Vector Network Analyzer, etc.

- **Conducted** comparison results with existing RAM materials to evaluate performance improvements to identify potential applications in defense, telecommunications, and stealth technology.
- **Communicated** progress results through regular updates and presentations.
- **Published** research findings in academic journals.

Project Intern Assembly Bottle Roll Machine

Jan 2021 - Mar 2021

Sultan Ageng Tirtayasa University, Cilegon

- **Identify** and source mechanical, electrical, and structural components required for the machine.
- **Performed** initial calibration of the machine to guarantee accurate rotation speeds and stability.
- **Developed** an assembly plan and timeline, ensuring all necessary components are available.
- **Assembled** the frame, rollers, motor and other mechanical components as per design specifications.
- **Created detailed** assembly guidelines, including diagrams and instructions for future reference.
- **Gained** hands-on experience in machine assembly, mechanical drawing design, and troubleshooting.

Assistant Lecturer of Calculus

Mar 2020 - Jul 2020

Engineering Faculty – Sultan Ageng Tirtayasa University, Cilegon

- **Assisted** the primary lecturer in delivering lectures, tutorials, and practical sessions on Calculus topics.
- **Conducted** review sessions or workshops to enhance Calculus topics.
- **Helped** design quizzes, assignments, and exams to evaluate student understanding.
- **Managed** attendance records, assignment submissions, and other course documentation.
- **Addressed** student concerns or behavioral issues professionally and escalate when necessary.

LICENSES & CERTIFICATIONS

TOEFL ITP (530)

Apr 2025

Ansys Process Simulation

Feb 2023

Neosia Training Center – NTC.ANSYS.2023.832

Automation Application in Industry Offline Training (PLC for Basic)

Apr 2025

PT. Alpha Karya Mechatronics – JKTSCH-IV-25-ATI-19255314

Stage 2 Automation Application in Industry Offline Training (PLC Intermediate)

Apr 2025

PT. Alpha Karya Mechatronics – JKTSCH2-IV-25-ATI-19255291

Lean Six Sigma White Belt Process Improvement Class

May 2023

Kelas Engineer by PT. Zaada Bana Engineering - 011/MBC-LSS/ ZBE-KE/V/ 2023

Ansys SPACECLAIM

Feb 2023

Neosia Training Center - NTC.SPC.2023.572

KOICA – Silla University – UMN 4th Industrial Revolution Technical Center

May 2023

Korea International Cooperation Agency

HONORS & AWARDS

Recipient of Roberto Rocca Education Program 2022

Mar 2022

Tenaris

Recipient of Program Kreativitas Mahasiswa – Riset Eksakta 2021

Oct 2021

Kementerian Pendidikan dan Kebudayaan

Finalist in Metallurgy & Material Challenge 2019

Nov 2019

Institut Teknologi Bandung

Recipient of Peningkatan Prestasi Akademik Scholarship 2019

Oct 2019

Kementerian Pendidikan dan Kebudayaan

VOLUNTEERS

Member

Feb 2020 - Jun 2021

HIMAMET – FT. UNTIRTA: *Himpunan Mahasiswa Metalurgi – FT. UNTIRTA*

- **Provided** an ideas for the development of organization related to clarity of Metallurgical profession in future.
- Held a forum **discussion** about Metallurgical & Material knowledge.
- **Created** a learning programs that can related about Metallurgical & Material area.

SKILLS

Expert in: Microsoft Office, Writing Report, Teamwork, Communication, Critical thinking, Analysis

Intermediate in: AutoCAD Mechanical, Ansys Simulation, PLC
