

ARMAGHAN AHMED

Metallurgical Engineer

PEC No Allotted: METAL/006727

armaghanahmed14@gmail.com
Cell & WhatsApp +92-311-8213077

OBJECTIVE

To acquire a challenging position in an environment where I can best utilize my skills and education.

Interests: Production, Foundry, Quality Control, Mineral Processing, Reverse and Research Engineering.

PROFESSIONAL EXPERIENCE

• AMRELI STEELS LIMITED (Dhabeji, Pakistan)

Assistant Engineer (CCM-Production)

September 2022- Present

Lead to plan and produce Steel billets at high-speed Continuous Casting Italian plant by maintaining plant process and operations.

ENGINEERING:

- Manage operation and process of 3 strands STS Italian R: 6/11m semi spherical Continuous Casting plant to produce 1500 MT/day of 12m mild steel billets by ensuring mechanical and electrical processing with maintenance which further proceed for rolling.

PROCESSING:

- Developed and implemented process and operating improvements resulting increase in production efficiency.
- Conducted regular reviews of operational data to identify areas for improvement and developed improvement plans resulting in a reduction in waste.
- Provided technical support and leadership to Plant Operations Managers, resulting in increased engagement and improved performance.
- Lead cross-functional teams to implement improvement projects, including process changes, equipment upgrades, and training programs resulting in an improvement in quality control metrics.
- Analyzed test work results and operational data to identify bottlenecks and inefficiencies and developed solutions resulting reduction in downtime.
- Collaborated with the engineering team to design and implement new technologies, resulting increase in production capacity.
- Created and maintained operational documentation, including standard operating procedures, training manuals, and process flow diagrams, resulting in improved process consistency and reduced errors.

MANAGEMENT:

- Accomplishes department objectives by managing 50+ workers; planning and evaluating department activities.
- Develops, coordinates, enforces systems, policies, procedures, and productivity standards.
- Communication with Steel Melt Shop & Rolling Mill for continuous production and facilitation of products.

EDUCATION

M.E (In-process)	Materials Engineering NED University of Engineering & Technology	4.00 GPA 3 rd Semester completed
B.E (2018-2022)	Metallurgical Engineering NED University of Engineering & Technology	3.79 CGPA Gold Medalist
HSC (2016-2018)	Pre-Engineering GDC SRE Majeed, Karachi	75.75 % Avg A-Grade
SSC (2016)	Computer Science Gulshan-e-Iqbal Secondary School.	80.82 % Avg A ⁺ Grade

Cell & WhatsApp +92-311-8213077

☰ INTERNSHIPS

- 8-Weeks Internship on Hot Dipped Galvanizing Plant-2 at **International Steels Ltd**, Landhi Karachi.
Project: Assigned the project on improvement in End cut consumption in steel coils on higher thickness sheet (1.2mm, 1.5mm). (Aug -Oct 19).
- 3-Weeks Internship at **Faizan Steel**, Site Karachi (Feb-Mar 2020).
Project: Assigned as an Internee Engineer of whole mill.
- 7-Weeks Internship at **Allied Engineering works**, North Karachi (Oct-Nov 2020)
Project: Started Inspection of Incoming Raw Materials by measuring the length, weight and physical appearance and worked as a Quality controller. Vendors of Atlas Honda.
- 4-Weeks Internship in Faculty of Metallurgical Engineering at **NED UET**.
Project: Plasma Electrolytic Oxidation of Bio-material and Inspection of different grades of alloy steel as a reverse and research engineering.
- 4-Weeks Internship at **PIA** Karachi Airport on Aerospace Engineering (April 2021).
Project: Worked as an aerospace engineer and made a report of Maintenance depart.
- 4-Weeks Internship at **BYCO Petroleum Pakistan Limited** Hub, Baluchistan. (Sept-Oct 2021).
Project: Gave an internship presentation and report of Integrity Department.
- 2-Weeks Internship at **Peoples Steel Mills**, Mangopir Karachi. (March 2022)
Project: Gave an internship presentation and report of whole mill.

☰ PROJECTS and ACEDEMICS EXPERIENCES

- Final Year Design Project (FYDP) Industrial Project
Project Title: To study the chilling behavior at specific location in grey cast iron casting of MF center housing under the supervision of Dr. Nafis-ul-Haque. (Bolan Casting Limited)
- Furnaces, Fuels and Refractory
To design and develop a melting furnace by industrial coke or natural gas by using alumina Refractory
- Physical Metallurgy.
Worked as a reverse engineer to identify the microstructure of AISI-1018 by performing metallography.
- Welding.
Identify the effects of welding parameters upon the microstructure and the properties of welded joints in medium Carbon steel (AISI-1045) by Shielded Metal Arc Welding Process.
- Fracture Mechanics and Failure Analysis
To analyze and observe the fractured surface by using metallographic, stereo and microscopic examination.
- Corrosion Engineering
To perform the sacrificial anode cathodic protection and analyze the behavioral changes of electrodes.

☰ INDUSTRIAL VISITS

- Sultan Engineering (Vendors) For Hot Forging of Steel Bars, Nov-2020
- Pakistan Cables limited Melting, up casting and Extrusion of Copper Metal, June-2020
- Bolan Casting Limited (BCL), because of FYDP purpose, 2021-22

☰ EXTRA-CIRRICULAR ACTIVITIES and SOCIETIES

- Worked as a member of Promotions in MES, NED UET. (2018-19)
- Worked as a member of Departmental Head in SENTEC Society, NED UET. (2020- 21)
- Director of Corporate Affairs in Metallurgical Engineering Society (MES), NED UET. (2021- 22)

SEMINARS and CONFERENCES

- EFL 3.0 organized by MES society and sponsored by Faizan Steel.
- Organized Global Metallurgy 4.0 and 5.0.
- 1st International Conference on Advances in Material Sciences and Environmental Engineering (ICAMSEE-2021) Concluded Successfully.

HOBBIES

- Sketching
- Teaching (Private Tutor)
- Table Tennis / Cricket

POSTAL ADDRESS

Flat No. B-7, Surtee Centre, 3rd Floor, Plot 11, Block 11, Main Rashid Minhas Road
Gulshan-e-Iqbal Karachi 75300

 **CNIC No.** 42201-3367071-5

 **DATE OF BIRTH:** 12- March 2001 (Karachi- Pakistan)

 **LINKEDIN ID:** <https://www.linkedin.com/in/armaghan-ahmed-5313131ab/>
