

CURRICULUM VITAE

GOKULA KANNAN

QC Inspector – Receiving Material

AL-Iskan, Riyadh

Saudi Arabia.

✉ gkmech89@gmail.com | ☎ +966 539319322

PROFESSIONAL SUMMARY

Detail-oriented QC Inspector with over 9 years of experience in quality inspection and control within the manufacturing and fabrication industry. Specialized in receiving inspection of raw materials, reviewing Mill Test Certificates (MTC), and ensuring compliance with international standards such as ISO 9001, ASME, and ARAMCO. Strong background in material traceability, documentation, and coordination with procurement and suppliers. Certified in NDT Level II (PT & UT), with proven ability to maintain quality standards and support efficient operations.

CORE COMPETENCIES

- Incoming Material Inspection & Verification
- Mill Test Certificate (MTC) Review
- Material Identification & Traceability
- SAP / Oracle Material Entry Coordination
- Non-Conformance Reporting (NCR)
- QA/QC Documentation & Reporting
- Calibration of Measuring Instruments
- ISO 9001 Compliance
- NDT Testing (PT & UT Level II)
- Microsoft Excel & Power BI

PROFESSIONAL EXPERIENCE

QC Inspector – Receiving Material

Al-Khorayef Industries Co., Riyadh, Saudi Arabia

Dec 2020 – Present

- Evaluated the condition of incoming goods by inspecting packaging, labeling, and associated documentation to ensure compliance with project specifications, internal procedures, and safety/regulatory standards.
- Verified the accuracy and validity of documentation such as Mill Test Certificates (MTCs), certificates of conformity/authenticity, and modification status reports.
- Identified and recorded damages, defects, or discrepancies in received materials; initiated Non-Conformance Reports (NCRs) and coordinated with suppliers or procurement for corrective action.
- Made quality-based decisions on acceptance or rejection of incoming goods based on inspection criteria and contractual requirements.
- Managed non-conformance workflows including isolation, documentation, returns, rework/replacement coordination, and follow-up closure.
- Input inspection findings into Oracle ERP systems; maintained detailed records for traceability, material control, and quality reporting.
- Generated inspection outcome reports, tracked supplier performance metrics, and supported continuous improvement of incoming quality processes.
- Participated in internal and external quality audits, providing documentation and evidence related to incoming material inspections, traceability, and compliance.
- Conducted periodic self-inspections and contributed to audit readiness by ensuring that receiving processes aligned with ISO 9001, ARAMCO, and client audit requirements.
- Supported audit closure by implementing corrective and preventive actions (CAPA) related to non-conformities found during audits or inspections.

PROFESSIONAL EXPERIENCE

QC Inspector – Process Inspector

Al-Khorayef Industries Co., Riyadh, Saudi Arabia

Dec 2014 - 2019

- Inspected and tested raw materials, in-process components, and final assemblies for piping systems, fabricated structures, and generator fuel tanks according to Inspection and Test Plans (ITPs).
- Performed Non-Destructive Testing (NDT) in line with AWS D1.1 standards, including Magnetic Particle Inspection (MPI) and Visual Testing (VT) for weld quality and structural integrity.
- Developed and enforced rigorous quality standards and inspection procedures tailored to heavy fabrication and pressure containment requirements.
- Documented inspection results, compiled quality reports, tracked rework and waste data, and maintained comprehensive records in the quality control system.
- Conducted calibration and verification of precision instruments such as micrometers, Vernier calipers, durometers, gauge blocks, bore gauges, and dial indicators to ensure accurate measurements.
- Scheduled, monitored, and tracked on-site and off-site calibration activities, maintaining asset readiness above 90% and ensuring compliance with calibration standards.
- Repaired, adjusted, and realigned out-of-tolerance measuring devices to restore conformity and ensure continued inspection reliability.
- Trained technicians, welders, and fabrication staff on inspection methods, defect identification, and quality assurance protocols for piping and tank production.
- Communicated quality control findings and corrective actions to cross-functional teams, including engineering, production, and external suppliers.
- Led continuous improvement efforts and quality enhancement initiatives in collaboration with production and operations teams.
- Evaluated and improved customer satisfaction through quality consistency, timely defect resolution, and conformance to technical specifications for domestic and international clients.

PROJECT EXPERIENCE

Irrigation Mega Total Solutions Project

Role: QC Inspector - Receiving Material

- Delivered over 12,000 systems involving extensive piping, tank fabrication, and mechanical assemblies.
- Managed the QC inspector of components valued at \$2.2 billion across multi-national projects (Sudan, Turkey, UAE, etc.).
- Assured compliance with diverse international standards and customer specifications.

Key Projects Executed under Irrigation Mega Total Solutions:

- **Almarai Project – Saudi Arabia**
Total Irrigated Area: 8,350 hectares | Irrigation Systems: 167 Center pivot systems
- **Egypt Army Project – Egypt**
Total Irrigated Area: 10,000 hectares | Irrigation Systems: 200 formal systems
- **Tigem Project – Turkey**
Total Irrigated Area: 25,000 hectares | Irrigation Systems: 533 formal systems
- **Alrajhi Project – Sudan**
Total Irrigated Area: 6,000 hectares | Irrigation Systems: 100 formal systems
- **Iraq Project – Iraq**
Total Irrigated Area: 65,000 hectares | Irrigation Systems: 2,500 formal systems

EDUCATION

Bachelor of Engineering in Mechanical Engineering

Anna University of Coimbatore – India | Graduation: Nov 2011

CERTIFICATIONS

- Saudi Council of Engineers (Membership ID – 1065844)
- NDT-LEVEL-II (PT & UT)
- Six Sigma White Belt

SOFTWARE PROFICIENCY

- Auto CAD
- Solid Works 2022
- Microsoft Office Suite (Excel, Word, PowerPoint)
- Power BI
- Oracle

LANGUAGES

- English
 - Hindi
 - Arabic
 - Tamil
-

AVAILABILITY

- **Gulf Experience:** 9+ years (Saudi Arabia)
- **Notice Period:** [Immediate / 15 Days]
- **Willing to Relocate:** Yes – (Any Country)
