

Muhammad Salman

Metallurgical and Materials Engineer

Phone: +92-318-6072308
Email: msalman.kad@gmail.com
In: [muhammad-salman-51b552351](https://www.linkedin.com/in/muhammad-salman-51b552351)
Address: PAEC Residence Dera Ghazi Khan

Objective

Seeking a role in the industry to apply my Metallurgy and Materials Engineering proficiency in material selection, process optimization, and quality control.

Professional Developments

Ravi Green, Raiwind Road Lahore

(4 weeks Summer Internship, July-Aug 2023)

- Worked in QC Department, Gained hand on experiences in visual inspection, and different NDT Techniques (PT, UT) for the inspection pressure vessel, heat exchanger, bowser.
- Exposure to different international codes/standards e.g. ASME BPVC (Section V, VIII, IX)
- Exposure to different production welding processes (SMAW, SAW, GTAW, GMAW)

Education

BSc. Metallurgical and Materials Engineering, Punjab University Lahore	2.87/4.0	71.75%	2020-2024
FSc. (Pre-Engineering): PAEC Model High School, Dera Ghazi Khan	914/1100	83.09%	2018-2020
Matriculation: PAEC Model High School, Dera Ghazi Khan	987/1050	94%	2015-2017

Projects

- Evaluation of Foundry Properties of Locally Available Molding Sand with Bentonite Clay Additions for Cost-Effective Aluminium Alloy Casting.
- Effect of various heat treatment parameters on microstructure and mechanical properties of plain carbon steels.
- Effect of erosion corrosion on steel samples in the presence of different abrasive particles.
- Fabrication and Three-Point Bend Test of a Steel Plate Truss

Training Workshops

- Pakistan Advance Material Forum Workshop, Institute of Metallurgy and Material Engineering, Punjab University, Lahore-2025
- Seminar on Additive Manufacturing of Metals.
- Seminar on Additive Manufacturing Biomaterial.
- A Symposium on Frontiers of Engineering Material.

Co-Curricular Activities:

- Organizing member in “**International Symposium on Aluminum, it’s recycling, industrial opportunities & Metallurgical challenges**” held at PU, Lahore.
- Organizing members of **sports Gala** held at PU Lahore 20 -25 March 2024.
- Active member of Islamic Society and interaction with public on Islamic Aspects.

Skills

Computer Related Skills

- Microsoft Office (Word, Power Point, Excel)
- Origin (Graph Plotting & Data Analysis)
- Basic knowledge of Solid Works (3D Drawing, Assembly and Simulation)
- ImageJ (Image Analysis, Particle Size & Particle Size Distribution)
- Metallurgical Microscope, X-ray Fluorescence spectroscopy (XRF)
- MATLAB

Interpersonal Skills

Leadership | Team worker | Effective Communicator | Good Speaker | Social Interaction | Good Researcher | Innovative, Creative & Self-motivated | Hardworking, Enthusiastic & Ambitious

Courses

Inspection and Testing | Welding | Heat Treatment | Industrial Quality Management
