

Adnan Siddique
Metallurgy and Materials Engineer
+968 72867276 adnansiddique688@gmail.com
• Muscat, Oman

Education

B.Sc. Metallurgy & Material Engineering (3.4/4)	University of Punjab, New Campus, Lahore 2019-2023
FSC Pre Engineering	CFE Group of Colleges, Lahore 2017-2019

Professional Experience

H.A Steel Chains (PVT) LTD Gujranwala In charge Heat Treatment Department	September 2023 – July 2024
---	----------------------------

- Daily production reporting and expense on production calculations.
- Lot wise hardness testing.
- Suggesting the appropriate heat treatment cycle for different steel grades to acquire desired properties.
- Keep records of incoming and outgoing materials.
- Ensuing that safety protocols are being followed.

Descon Technical Institute Lahore Internee Engineer:	June 2022 - July 2022
--	-----------------------

- Acquired acute knowledge of Welding and different welding techniques.
- Learned to make risk assessment report and suggest safety measures in Health, Safety And Environment Department (HSE)

Call Center Representative (VA Communication).	Oct 2022 – March 2023
---	-----------------------

- Handle 50+ customer interactions per day, giving detailed, personalized, friendly, and polite Services to ensure customer retention and satisfaction.
- Proficient in video conferencing platforms such as Zoom and Skype, able to Communicate with customers across the globe.

Teaching (Aspire Group of academies)	08-2020 to 07-2022
---	--------------------

- Communicated frequently with parents, Students and faculty to provide feedback and discuss instructional strategies.
- Worked cooperatively with other teachers, Administrators and parents to help students reach learning objectives.

Projects

Final Year Project

Functionally Graded Biomaterial Syntheses

- Engineered Ti-MgO Composite for Advanced Biomedical Applications
- Developed via Precise Powder Metallurgy Techniques and Achieved Tailored Material Properties for Optimal Biocompatibility

Semester Projects

Casting and finishing of U – Shaped by using aluminum.

- Evaluated 4 different molds design using theoretical Approach.
- Developed a 3-D model of casting production to make efficient casting at low cost using Auto CAD.

SMAW Welding of Low Carbon Steel with Microscopy and Hardness Testing

- Performed SMAW process and inspected the weld beads.
- The Vicker hardness test was used to evaluate the Hardness in different zones of welds.
- Perform heat treatment and measure the effect in different zones of welds.

Ceramic Coating Frit Glaze Formulation

- Expertly Developed Frit Glaze for Ceramic Coating Applications
- Precise Formulation of Ceramic Coating Ingredients and ensured Optimal Adhesion and Aesthetic Finish

Extracurricular & Volunteer Experience

IMME Character building Society:	2021-2023
---	-----------

- Served as an executive member of the Character-Building Society for two years, actively contributing to personal and ethical development initiatives.

Fund raising for Orphanage Center

2020-

2023.

- Led a team of five members in successfully collecting funds for SOS Village Orphanage center.

Event Management

- Effectively managed and organized seminars and sports activities at both departmental and university levels

Honors and Awards

- Received merit-based academic scholarship from Government of Pakistan.
- Secured certificate on "Introduction to Occupational Safety & Health as Profession" from Pakistan Country Head Procyon Group and Director.
- Awarded a certificate of appreciation from the department for outstanding organization of the Sport Gala at PU Lahore
- Awarded a certificate of 1st position in speech Competition organized by Character Building Society.
-

Additional

Technical Skills: Free CAD, Solid CAST, Excel, Microsoft Office

Interests: QA & QC, Material Inspection, Production Sector

Language: English, Urdu
