 akshayrs9847@gmail.com

 Dammam, Saudi Arabia / Kollam, Kerala, India

Professional Summary

Detail-oriented QA/QC Engineer with 6+ years of experience in welding and painting inspection, NDT, and quality assurance. Adept at working under Aramco standards (SAES, SAEP), with hands-on experience in documentation, site inspections, and compliance with ISO, ASTM, and project-specific requirements.

Core Competencies

- Welding & Painting Inspection (BGAS, CSWIP)
- NDT: UT, RT, MPT, PT
- Coating & Surface Preparation (SAES-H001, H101V)
- QA/QC Documentation & Reporting
- Aramco Specifications & Audits
- Material Receiving Inspection
- Drawing Interpretation
- MS Office, AutoCAD, SolidWorks, REVIT

Technical Certifications

- CSWIP 3.1 – Welding Inspector
- BGAS – Painting Inspector Grade 2
- ASNT Level II – UT, RT, MPT, PT
- PCN RTFI Level 2 (Course Completed)
- QA/QC in Mechanical Engineering
- Piping/Pipeline Engineering
- AutoCAD (2D/3D)

Education

B.Tech in Mechanical Engineering

Glocal University, India

Professional Experience

QA/QC Engineer

Muroj Aljazira Steel Factory, Dammam, Saudi Arabia

August 2021 – Present

- Conducted inspections on piping fabrication, welding, and painting.
- Ensured compliance with Aramco specs including SAEP-316, SAES-H001.
- Reviewed and validated test packs, ITPs, material traceability, and heat numbers.
- Led PQT inspections for painters and abrasive blasters.
- Oversaw DFT, WFT, adhesion, and holiday testing.

QC Inspector

Qualifications

March 2017 – April 2021

- Executed routine welding and coating inspections.
- Monitored compliance with safety and quality management systems.
- Reviewed welding consumables and performed visual inspections per ITP.

Major Projects

- NEOM (General Electricals) – Since Dec 2023
- BERRI Onshore Flow Lines & Tie-in (1580) – Jan 2024–Dec 2024
- Dr. Al-Dossari Heart & Lung Hospital – Sep 2024–Dec 2024
- 1620 Downstream Gas Pipeline – Hawiyah – Jan 2022–Feb 2024
- LTA2-43 BERRI Downstream Pipeline – Aramco – Aug 2021–Aug 2023

Roles & Responsibilities

- Developed and implemented QA/QC plans, performed inspections and coordinated with clients and third-party inspectors.
- Conducted toolbox talks, monitored NDT processes, maintained inspection reports, and ensured adherence to project specifications.
- Ensured compliance with safety and Aramco painting/coating requirements including SAES and SAEP standards.

IT Skills

- AutoCAD, SolidWorks, REVIT
- MS Word, Excel, PowerPoint
