

NUMAN AHMAD

metallurgistnuman@gmail.com | (+92) 0303-2966900

/  Numan Ahmad

SKILLS

- ❖ Metallography
- ❖ Heat Treatment
- ❖ Foundry Engineering
- ❖ Polymer and Composite Engineering
- ❖ Ceramics
- ❖ Corrosion Engineering
- ❖ Material Characterization
- ❖ Welding and Joining Process
- ❖ Microsoft Office
- ❖ Free Cad/ Auto Cad
- ❖ Mat Lab
- ❖ Ansys
- ❖ Gemry
- ❖ Thermo Calc
- ❖ Win Wulff

EDUCATION

- ❖ **Materials and Metallurgical Engineering** | University of Punjab Institute of Materials and Metallurgical Engineering Lahore. (2020-2024)
- ❖ **F.S.c Pre Engineering** | Govt. College of Science Wahdat Road Lahore. (2017-2019)
- ❖ **Matriculation** | Govt. High School Chung Lahore For Boys.

ACADEMIC PROJECTS

- ❖ **Tool Shape and Speed Effects on Aluminum 6061-T6 Friction Stir Welding**
Optimization of tool design and rotational speed in friction stir welding of aluminum 6061-T6 to achieve superior mechanical properties and weld integrity.
- ❖ **Effect of Environmental and Sewerage Gases on Soldering Materials**
We selected three different soldering materials and placed at three different locations in Lahore to find out their corrosion rates.
- ❖ **To Develop Ceramic Bricks for Furnace Lining Which Can Bear Temp. of 1100 C**
We have to develop ceramic bricks which are lighter and pours then traditional bricks and have capacity to bear 1100 degree Celsius temperature.
- ❖ **To Identify Unknown Metal Powder Using Different Material Characterization Techniques**
We used XRD (X-ray Diffractometer) technique to identify metal powder due to its easiness and perfection.

EXPERIENCE

- ❖ **Junior Heat Treatment Engineer Intern** (July 23 – Aug. 23)
Millat Equipment Ltd. Lahore

Worked with heat treatment department team to ensure quality of equipment by monitoring process parameters.

- ❖ Continuous Carburizing Furnaces
- ❖ Batch Type Carburizing Furnace
- ❖ Induction Hardening Machines
- ❖ Tempering Furnace

To get desired properties of end product we also ensure cleaning (sand and iron shots) and quenching (oil) process.

- ❖ **Junior Quality Assurance Engineer Intern** (1st Sep. 23 – 15 Sep. 23)
Millat Equipment Ltd. Lahore

Worked with quality assurance team to ensure hardness of soft product as well as hardness and metallography of hard product.

- ❖ Rockwell Hardness Tester
- ❖ Microvicker Hardness Tester (Indentec, UK)
- ❖ Brinell Hardness Tester (ZWICK/ROELL, INDENTEC, UK)
- ❖ Microscope (Leica, Japan) Microstructure Analysis,
Magnification upto 1000X

INTERESTS / HOBBIES

- ❖ Watching Cricket
- ❖ DIY Projects
- ❖ Metal Working
- ❖ Model Building
