- Transformer installation and testing inspection
- Supervision of Glanding and termination of cables
- Inspection of grounding rod and grounding grid test.
- Installation, inspection, and testing procedure of fire alarm system according to NFPA72.
- Equipment enclosures inspection
- 13.8KV switch gear installation
- Inspection of cable IR and continuity test.
- Providing solutions during the site executions to maintain the flow of work as per quality requirement.
- Helped design department for making as build drawing as per site conditions.
- Coordination with other departments to avoid any contradictions during and before site executions.
- Attending meetings with construction and client to resolve the issues.
- Provide support and advice to the construction personnel in relation to the Project Quality Program and the Company Integrated Management System (IMS)
- Maintain a good working relationship with all Client personnel.
- Maintain good record keeping of activities carried out and inspection reports, surveillance reports, etc.
- Maintain a willingness to learn and support the Inspector by providing the on-the-job training.
- Comply with all Project HSE requirements i.e., PPE, Work Permits, etc.
- Promote the use of HSE practices.
- Any other Adhoc duties as assigned from time to time.
- Inspection of cable pulling, laying, termination and tagging
- Installation Inspection of MV/LV panel boards, electrical cable tray switch boards, conduits, junction box fittings, lighting etc.
- MV cable insulation resistance & HI Pot testing witness.
- Supervision of Glanding and termination of cables
- Inspection of grounding rod and grounding grid test

PERSONAL ATTRIBUTES

- Ability to help and motivate others.
- Great communication skills.
- Good understanding of electrical drawings
- Ability to adapt to the change in company culture.
- Ability to solve problems flexibility.
- Ability to learn from failure.
- Group work spirit.
- Ability to work independently as well as a part of a team.
- Ability to work in challenging environment.
- Ability to work under stress.

AFFILIATIONS & ATTESTATION

- Registered from Institute of Electrical Electronics Engineering, Pakistan (AM-1541)
- Registered Engineer from Pakistan Engineering Council (ELEC/53290)
- Registered Engineer from Higher Education Commission Pakistan.
- Registered from institution of Engineers, Pakistan (M-19600)
- Registered from Pakistan Engineering Congress (5802)

SKILLS

Computer & Networking Skill:

- Proficient in using Microsoft Windows and other Windows based applications i.e. MS Office (Ms Word, MS PowerPoint, MS Excel), Adobe Acrobat Pro Extended

Leadership Skills:

- Project planning and execution.
- Resource allocation and tracking feedbacks.
- Creating progress reports and calculating project timelines.
- Conducting meetings and presentations.
- Execution of the project with available resources.

CERTIFICATE

- AutoCAD and switch gear from BURAQ institute LAHORE PAKISTAN
- PLC TRAINING FROM BURAQ INSTITUTE LAHORE PAKISTAN
- IOSH
- OSHA 48 HOUR
- Health and safety diploma two year
- Fire safety
