deepakp12389@gmail.com

Dynamic Quality Assurance Engineer with a robust focus on quality management and process optimization, targeting roles in quality and production across diverse industries, to leverage extensive experience in enhancing operational excellence.

Core Competencies

Quality Management Systems

Project Management & Monitoring

ISO 9001 Certification & Auditing

Process Audits & Internal Audits / RCA

Lean Manufacturing & Six Sigma

ERP (SAP MM) & Inventory Management

Risk Assessment & Mitigation

8D / RCA / SPC / APQP

Safety & EHS Compliance

Team Building & Thought Leadership

Cross-Functional Collaboration

Profile Summary

- Visionary & decisive professional offering 8+ years of proven success in **QA/QC, ISO 9001 implementation**, and driving **manufacturing process excellence** in the fencing and perimeter solutions industry.
- Expertise in conducting and leading **internal and external audits** (ISO, supplier, customer) ensuring full compliance with quality standards & industry regulations.
- Hands-on experience in executing **APQP, FMEA, SPC, RCA, and 8D methodologies**, leading to effective problem-solving and systematic process improvements.
- Adept at deploying **lean manufacturing principles** and implementing **cost-effective quality control initiatives**, achieving up to **30% reduction in defects**.
- Proficient in ERP systems, particularly **SAP MM module**, with a strong track record of integrating digital systems for enhanced traceability and operational visibility.
- Led cross functional teams providing **Quality guidance and support** in the determination of appropriate Non-conformance root cause analysis and implementation of effective corrective actions.
- Demonstrated leadership in managing and mentoring **teams of engineers and inspectors**, fostering a culture of quality awareness and continuous improvement.
- Successful in conducting **Non-Destructive Testing (NDT)** procedures and reviewing inspection reports to uphold high product integrity and safety standards.
- Met quality assurance financial objectives by estimating requirements, preparing an annual budget, scheduling expenditures, analyzing variances, and initiating corrective actions.
- Excellent cross-functional collaboration skills, with a focus on **risk assessment, training, and performance monitoring**, resulting in **15% improvement in operational efficiency**.

Work Experience

A One Fence Arabia Company for Industry | Senior Engineer – Quality & Process Improvement | Sep 2023 – Present

Key Result Areas:

- Directed the establishment of the ISO 9001 Quality Management System by performing comprehensive internal audits, gap analyses, and compliance assessments to guarantee conformity with industry standards and regulations.
- Performed comprehensive painting and welding inspections, ensuring adherence to project specifications, industry standards (e.g., NACE, ASME), and quality requirements across all phases of execution.
- Prepared and reviewed project-specific Inspection & Test Plans (ITPs) and Quality Assurance Plans (QAPs) to establish clear quality benchmarks and ensure compliance with contractual and regulatory standards.
- Delivering comprehensive training and mentorship to quality inspectors and engineers, guaranteeing compliance with quality standards and nurturing a culture of ongoing learning and improvement.
- Collaborating with cross-functional teams to identify and resolve quality issues, leading to reduction in customer complaints and enhancing overall product quality.

Highlights:

- Achieved 100% compliance in third-party audits** (HCIS, ARAMCO) by seamlessly coordinating with cross-functional stakeholders.
- Engineered & deployed QAPs & ITPs, leading to a **25% reduction in non-conformities**.
- Performed NDT and raw material inspections, **delivered a 98% first-pass yield in production**.

Education Credentials

B.E. in Mechanical Engineering,
Savitribai Phule Pune University,
India, 2019

Diploma in Mechanical Engineering,
Maharashtra State
Board of Technical Education, 2014

Certifications / Trainings

- Certified Lean Six Sigma Black Belt** - IMC Certifications, 2025
- Certified Lean Six Sigma Green Belt** - IMC Certifications, 2025
- Level 1 Fire Safety** Fundamental & Proper Use of Fire Extinguishers, 2025
- Adult First Aid | CPR AED**, 2025
- ISO 9001:2015, ISO 14001:2015, ISO 45001:2018** Internal Auditor Certification, 2023
- ASNT Level II Certification** in NDT Testing (LPT & MPI), 2023
- Lean Six Sigma Yellow Belt**, 2022
- Trained in SAP MM (Materials Management)**, 2022

- Streamlined machinery calibration schedules, cut downtime by 20% and enhanced productivity.
- Oversaw ERP-driven BOMs, Job Route Cards, WOs, and material requisitions, **boosting order accuracy by 40%**.
- Spearheaded cost optimization and process improvement initiatives, **drove a 10–15% efficiency gain**.

A-1 Fence Products Company Pvt. Ltd. | Jan 2017 - Sep 2023

Growth Path:

Production Supervisor | Jan 2017 – Apr 2019

Quality Engineer | May 2019 – Sep 2023

Key Result Areas: Quality Engineer

- Led Zero Defect, Zero Effect (ZED) Bronze Certification efforts across multiple manufacturing units, aligning operations with national quality and environmental standards.
- Implemented robust quality control systems to enhance product reliability, reduce rework, and ensure compliance with ZED guidelines.
- Coordinated cross-functional teams to drive continuous improvement initiatives, fostering a culture of zero-defect manufacturing and sustainable practices.

Highlights:

- Achieved and **maintained ISO 9001 certification with 100% audit clearance** and zero major non-conformities.
- Drove supplier evaluations, third-party inspections, and rejection analysis, resulting in a **30% reduction in defects**.
- Deployed Lean Manufacturing and 5S practices, **cutting process waste by 20%** and streamlining workflows.
- Conducted training on quality control and QMS standards, boosting **team compliance by 35%**.

Production Supervisor:

- Supervised daily production operations, **achieving 99% on-time delivery of finished goods**.
- Led cross-functional coordination across production, maintenance, and **quality teams, cutting downtime by 18%**.
- Executed cost-benefit analyses and budget monitoring, **driving a 12% reduction in production costs**.

Wärtsilä India Pvt. Ltd. | Production Engineer | Jun 2015 – Jun 2016

Highlights:

- Executed end-to-end production planning, **attaining 98% adherence** to project deadlines.
- Managed SAP MM module for inventory control, enhancing **material availability and reducing stockouts by 25%**.
- Performed root cause analysis to eliminate bottlenecks, leading to a **22% reduction in rework rates**.

 Technical Skills

- ERP (SAP MM, Oracle)
- Microsoft Office Suite (Excel, PowerPoint, Word)
- Statistical Process Control (SPC) Tools
- Minitab & Six Sigma Analysis
- Quality Control & Assurance Software

 Awards & Accolades

- **Recognized as Performing Star of the Month on three occasions**, reflecting consistent high performance, ownership, and dedication to excellence.
- **Honored twice with the Valued Colleague of the Quarter Award**, acknowledging outstanding teamwork, reliability, and cross-functional collaboration.
- **Received Special Recognition for successful and timely completion of a high-impact project**, demonstrating strong leadership and execution under pressure.
- **Awarded the People’s Champion Award**, celebrating positive influence, team spirit, and peer-driven appreciation within the organization.
