SUMMARY PROFESSIONAL:

Highly accomplished Procurement & Sales with 7 years of experience in purchasing and supply chain functions, specializing in civil procurement. Adept at managing procurement for infrastructure, industrial, and construction projects. Strong expertise in sourcing, negotiating, and managing civil material packages such as concrete, rebar, structural steel, waterproofing, scaffolding, and formwork. Proven success in optimizing cost, improving supplier performance, and ensuring timely delivery in line with engineering requirements and project timelines.

EMPLOYMENT HISTORY

Feb 2021 — Present

Procurement & Sales Marketing Officer

INDUSTRIAL SUPPORT SERVICES COMPANY (A Member of Al Bassam Group)

Procurement Officer: Leading procurement for **civil and mechanical materials** across major EPC projects including labs, NDT/ANDT facilities, and mechanical workshops. Handle procurement of construction materials, tools, and heavy equipment from local and international suppliers. Compare and evaluate offers from suppliers, ensuring the best value and quality for the company. Negotiate pricing, terms, and agreements with vendors to achieve favorable outcomes. Track and monitor orders to ensure timely delivery and address any delays or discrepancies. Coordinated directly with engineering and planning to match technical specs with procurement strategy. Sourced **civil materials** including ready-mix concrete, steel, waterproofing, insulation, shuttering, sand, gravel, scaffolding, etc. Monitored vendor performance and conducted site visits to ensure compliance.

Sales and Marketing: Developed and executed marketing strategies to promote products and services, enhancing brand visibility and market presence. Collaborated with the sales team to identify customer needs, develop tailored solutions, and secure long-term business partnerships. Coordinated with the marketing department to create engaging campaigns, materials, and promotional content that drove customer engagement and sales growth. Analyzed market trends, competitor activities, and customer feedback to identify new opportunities and optimize marketing strategies.

Invoicing for various operations: Creating and tracking invoices for different departments or product lines, ensuring that payments are processed on time and accurately reflecting the scope of work. Managing Invoicing for various operations & also handle MLAB, CNDT, ANDT, CLAB processes with providing instrument and using Odoo software. Delivers excellent customer experience, helping customers choose the right product and/or service for their requirements.

Using Odoo Software: Odoo can help you integrate your invoicing, workflow management, inventory tracking, and customer relationship management (CRM). With Odoo, you can automate tasks like generating invoices, managing customer interactions, handling product/service delivery, and generating reports. **Providing Instruments and Services:** Ensuring customers have the right tools or instruments based on their needs is a key part of delivering excellent service. You might need to manage inventory and ensure timely delivery.

Nov 2019 — Dec 2020

Procurement / Sales Coordinator - VFS GLOBAL.COM (Visa Application Centre)

Procurement Officer: Coordinated procurement activities by managing purchase orders, supplier communications, and delivery schedules. Maintained up-to-date procurement records including contracts, invoices, delivery receipts, and vendor databases. Monitored inventory levels and collaborated with warehouse and production teams to forecast material requirements. Handled documentation, correspondence, and internal approvals for all procurement transactions.

Sales - Coordinator- Served as a point of contact for customers, providing updates on order status, delivery timelines, and product availability. Maintained accurate records of sales transactions, customer details, and payment follow-ups. Assisted in the preparation of sales performance reports and provided data insights to management for decision-making. Collaborated across departments to ensure smooth operational flow from order to delivery.

Procurement & Sales- Marketing - (Emirates National Oil Company (DUBAI)

Procurement Officer – Managed procurement operations across civil, mechanical, and NDT departments for EPC clients, ensuring on-time delivery of project-critical materials. Built and maintained strong supplier and vendor networks, securing competitive pricing while ensuring consistent quality and delivery timelines. Maintained accurate procurement records and coordinated closely with operations and logistics teams to ensure supply chain efficiency. Ensured clean, organized, and compliant storage environments with proper labeling and tagging of inventory.

Sales-Marketing- Managed sales order processing and ensured timely fulfillment to meet outlet and customer demand. Supported outlet sales teams with accurate pricing, product availability updates, and promotions coordination. Maintained sales and inventory records, assisting in demand forecasting and procurement planning. Provided procurement support for product launches, promotional events, and sampling activities. Helped analyze customer feedback and sales data to support menu development and pricing strategies.

Procurement & Costing Officer - Amiantit Company (Saudi Arabia – Dammam)

Assisted Senior Estimator in developing detailed and accurate cost estimates for residential, commercial, engineering, and manufacturing projects using SAP for cost tracking and reporting. Estimated labor, material, and production costs based on RFQ from clients, leveraging SAP’s cost management tools for real-time cost forecasting and control. Analyzed Bills of Materials, historical data, and current pricing schedules to calculate production costs and support budget planning.

Coordinated procurement planning for large-scale projects by aligning materials, labor, and delivery schedules with project requirements. Collaborated with cross-functional teams—Engineering, logistics, sales, and finance—to gather data, validate estimates, and ensure consistency in project costing.

Supported SAP system operations including installation, updates, and user assistance, contributing to system efficiency and data accuracy. Created and maintained comprehensive cost sheets and sales records, supporting business development and customer engagement initiatives.

Responded to customer inquiries and provided cost-related support to assist with project proposals and sales negotiations. Coordinated with suppliers and logistics teams to ensure timely procurement and delivery of materials aligned with approved estimates and production schedules.

Promoted a collaborative work environment, streamlining estimation workflows and fostering clear communication across project teams.
