PROFESSIONAL EXPERIENCE

Logistics Coordinator

Calo | 2022 - 2023

- Solely managed and supervised the operations in Eastern region as the business was newly expanding its branches in to the region.
- Ensured smooth receiving of 2500+ meals daily from our kitchen twice a day and stocking them in to our chillers.
- Ensuring smooth delivery of our chef-customized cooked meals to our 2500+ customers daily twice a day.
- Training our 30+ drivers on their tasks for smooth and efficient operations on the ground.
- Keeping sure that all the transport fleet is ready to go at all times via uniform correspondence with the fleet provider and manually inspecting each van daily for smooth operations.
- Having a cross communication session with the drivers once every 15 days on their progress and metrics resulting in appreciations and possible trainings where required.
- Communicating metrics and reports to the upper management on weekly basis.
- Managing the drivers in case of an emergency or an unexpected surge in the orders to ensure deliveries in the given time frame to the customers.
- Scheduling the drivers for the next day if any driver is on leave.
- Worked in continuous correspondence with the Customer Care team on the feedback of the drivers or about any delay on the customer's delivery.
- Assisted the upper management in developing and implementing strategies to expand the business in the region.

Job Reference: Logistics Coordinator

To whom it may concern

Dear Sir/ Mam,

I am currently looking out for a position of Logistics Coordinator as I have past experience of it. I have studied Bachelors in Business Administration and have an extra Certification in Logistics & Warehouse Management. In my past experience I have worked with Calo as a Logistics Coordinator for Eastern Region as the company was based in Riyadh and they were expanding there business in the eastern region starting with Dammam, Khobar and Jubail. Since I lived 23 years of my life in Dammam/Khobar I was well aware of the cities and the culture of the cities. I was hired as a sole coordinator in the region who was responsible to lead a team of 8 drivers and a dispatch assistant in the starting and taking it up to 30+ drivers by the end of my term. It was in my job responsibilities to train the drivers and manage the daily deliveries with reporting to the main office in Riyadh on daily basis.

It was a plus point for me that I got to enhance my inherited skills working as a sole coordinator in the region. I enhanced my customer service skills as they were mandatory as the business was growing and many customers would contact me directly through the driver and share there ideas and suggestions with me. Also critical thinking and time constraint thinking was also enhanced. Being sole care taker helped me with enhancing leadership skills, communication skills whether it was communication with the drivers as a leader or as their peer or communication with the upper management in reporting or discussing strategies to enhance the operations.

Through my skills I was able to achieve great efficiency in the operations with the increase in customers from 70 to 2500+ with in a year with great customer satisfaction.

I am excited about the opportunity to bring my skills and expertise in your company and continue to work towards business success as there is so much to share and give. I believe my enthusiasm and my experience would catch your attention and you will give a opportunity for a meeting. I would welcome the opportunity to discuss my qualifications and my experience in details and learn more about your company and projects. Please feel free to contact me at anytime to schedule an interview.

Thank you for considering my application.

Sincerely,

Muhammad Moin
