

LAMA ALQAHTANI

Entry-Level Data Analyst | Business Analytics & BI

Al-Khobar, Saudi Arabia | +966538466673 | lamavoyez@gmail.com |
[GitHub \(Portfolio\)](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Fresh Computer Science graduate with hands-on experience in data analysis through end-to-end analytics projects. Strong foundation in Python, SQL, Excel, and Power BI with a focus on KPI reporting, business insights, and data-driven decision support. Experienced in transforming raw data into executive-ready dashboards and actionable recommendations.

TECHNICAL SKILLS

Data Analysis & BI: Data Cleaning, Exploratory Data Analysis (EDA), KPI Design, Reporting & Insights

Visualization & BI Tools: Power BI (KPI Cards, Slicers, Interactive Dashboards), Tableau, Excel

Programming & Querying: Python (Pandas, NumPy, Matplotlib), SQL

Tools & Platforms: Microsoft Office, Azure

Business Skills: Business Analysis, Stakeholder-Oriented Reporting, Insight Generation

PROJECTS

HR Attrition Analytics Dashboard

Python | Power BI | Business Analytics

- Analyzed employee attrition data (1,470 records) to identify key drivers of turnover and retention risk.
- Performed data cleaning, feature engineering, and exploratory data analysis using Python (Pandas, NumPy).
- Calculated and monitored core HR KPIs including attrition rate, average tenure, and compensation metrics.
- Built an interactive Power BI dashboard with executive-level KPI cards and dynamic filters by department, job role, and gender.
- Identified high-risk employee segments, including low salary bands with up to **2.5x higher attrition risk**.

Automated Resume Screening & Job Matching System (Graduation Project)

Data Analysis | Feature Engineering | Python

- Developed an automated system to analyze resumes and job descriptions for improved candidate–job matching accuracy.
- Performed data preprocessing, feature extraction, and similarity analysis on candidate and job datasets.
- Applied analytical techniques to enhance matching relevance and reduce manual screening effort.
- Awarded 1st Place – Best Innovative Graduation Project (Graduation Projects Expo 2025).**

Pet & Families Insights Dashboard

Power BI | Data Visualization

- Designed an interactive Power BI dashboard analyzing household pet trends and expenses.
- Developed KPI cards and slicers to support data exploration and business insights.

EDUCATION

Bachelor of Computer Science – Imam Abdulrahman Bin Faisal University (2025)

INTERNSHIP EXPERIENCE

Intern – Deanship of Quality at Imam Abdulrahman Bin Faisal University (2024)

- Collaborated within a student team to develop a dynamic news website.
- Contributed to content organization and UI-related components.

CERTIFICATIONS

- Google Data Analytics Professional Certificate – 2026
- Microsoft Certified: Azure AI Fundamentals – 2025

LANGUAGES

Arabic (Native) | English (Professional Working Proficiency)
