ABOUT ME

Mechanical Engineer with QA/QC expertise and NDT Level II certification in Ultrasonic (UT) and Radiographic Testing (RT). Skilled in mechanical inspection, piping, and pipeline engineering, with a focus on maintaining quality standards and safety. Proven project management and problem solving abilities, seeking to contribute to quality assurance roles.

SKILLS

- **TECHNICAL SKILLS:** Non-Destructive Testing, Welding Inspection, Piping And Pipeline engineering
 - **QA/QC Procedure, MS Office-Various Components, SolidWorks, Auto Cad**
 - **SOFT SKILLS:** Leadership, Problem Solving, Communication skill, Teamwork
-

EDUCATION

MECHANICAL QA/QC **2024**

Blitz Academy, Ernakulam, Kerala, India

B TECH. IN MECHANICAL ENGINEERIN **2020 - 2024**

MES College of Engineering, Kuttippuram / KTU

12 th | HSE | BIOLOGY SCIENCE **2020**

MSP Higher Secondary School, Malappuram

PROJECT

ADVANCED INDIVIDUAL BRAKING SYSTEM

B tech Project

January 2024 - May 2024

- Designed and demonstrated a mechanical system using pneumatic components, successfully replacing hydraulic parts to adapt under constraints.
 - Managed project timelines and tasks using a Gantt chart, ensuring efficient planning and on-time completion
-

CERTIFICATIONS

- NDT Level II (Following ASNT Standards)
