

NUMAN AHMAD

Mechanical and Metallurgical Engineer

About Me

Enthusiastic and detail-oriented Materials and Metallurgical Engineer with a B.S in Materials and Metallurgical Engineering from University of Punjab Lahore Pakistan. Strong academic foundation in materials characterization, heat treatment, and manufacturing processes. Eager to apply theoretical knowledge and practical skills gained through a capstone project on welding defect analysis and heat treatment defects analysis contribute effectively to [Millat Equipment Limited] engineering team and support material integrity initiatives. I also have 1 year hand on experience in quality department of Millat Equipment Limited.

Dammam, Saudi Arabia

EXPERTISE

- Mechanical Testing (ASTM, ISO, ASME, International standards.)
- WPS & PQR Testing
- SEM And XRD
- Metallurgical Fracture Analysis.
- Corrosion Testing (ASTM G24, G28, etc)
- Corrosion Control and Protection
- Foundry Engineering
- Surface and Coatings Engineering
- Production and Operational Management
- AutoCAD, Microsoft Office, MATLAB

Soft Skills

- Strategic Problem Solving
- Critical Thinking & Decision
- Effective Communication
- Leadership & Team
- Adaptability & Resilience
- Proactive & Initiative-Driven

EDUCATION

Institute Of Metallurgy and Materials Engineering University of the Punjab Lahore , Pakistan

Bachelor's of Metallurgy and Materials Engineering

Certifications

Certificate Of Registered Engineer In Pakistan

Engineering Council (PEC) :Registered

Professional Engineer (PE) : Licence

Course Study of Health and Safety at

IOSH Acedmy.

LANGUAGE

- English (Fluent)

EXPERIENCE

Millat Equipment Limited (MEL) Quality Assurance (QA) Trainee Engineer (September 2024-May 2025)

- Mechanical testing (Tensile, Bend, Impact, Hardness, Flattening, Clad Bond Shear Test)
- Brinell Hardness Tester
- Microvicker Hardness Tester
- Rockwell Hardness Tester
- Metallography
- Fracture Analysis
- SEM and XRD
- Equipment Calibrations
- Coating Tests
- Corrosion test ASTM G28 AND G24.
- Documentation and Reporting

Millat Equipment Limited (MEL) (July 2023-Aug 2023) Heat Treatment Trainee Engineer

- Worked with heat treatment department to ensure quality of equipment by monitoring process parameters.
- Continuous Carburizing Furnace
- Batch Type Carburizing Furnace
- Induction Hardening Machines
- Tempering Furnace
- I work closely with the engineering team to optimize production efficiency
- Monitor metallurgical processes
- Enhancing the overall output and quality of finished products
- Reduce waste, and improve the overall quality of finished products

KNOWLEDGE OF STEEL GRADE AND SPECIFICATIONS

1. Regulatory Knowledge (ASTM International Standards)
2. Saudi ARAMCO standards.
3. ISO (International Organization for Standardization) Standards.
4. AISI (American Iron and Steel Institute)
5. SAE (Society of Automotive Engineers) Standards

ADDITIONAL INFORMATION

Pakistani Driving licence: Valid

Idama : Transferable

Open to work remotely all over the Kingdom Of Saudi Arabia

Hiring Manager, Really Great Place

Dear HR,

I am writing to express my interest in the Lab Engineer position at your esteemed organization. With hands-on experience in ISO/IEC 17025-accredited, IAS-certified, and fully equipped laboratory environments, I bring proven expertise in mechanical testing, macro analysis, corrosion evaluation, and WPS/PQR qualification.

At Millat Equipment Limited, I have not only performed a wide range of critical material and testing but also actively contributed to obtaining and maintaining key accreditations, including ISO 17025 and ISO 9001. My approach combines technical accuracy with a strong understanding of quality systems and international standards, ensuring dependable results and continuous compliance.

I would welcome the opportunity to bring my skills, reliability, and lab development experience to your team. Thank you for considering my application.

Sincerely,

Numan Ahmad
