

AHMED HASSAN

MATERIALS ENGINEER

Email: ahmedhassan588@gmail.com

LinkedIn Profile: [linkedin.com/in/ahmedhassan882](https://www.linkedin.com/in/ahmedhassan882)

Cell: +966-580485154

Date of Birth: June 17th, 1992

Nationality: Pakistani

Current Address: Student Housing, King Saud University, Riyadh, Saudi Arabia.

Permanent Address: Muhammad Pura Jattan Baghbanpura, Lahore, Pakistan.

OBJECTIVE:

To be a part of a reputed organization that allows me to work in a challenging, competitive, and professional environment to implement my knowledge and provide opportunities for advancement, where I can learn and deliver.

EDUCATION:

- **Master of Sciences in Material Science & Engineering (2022-2024)**
Department of Mechanical Engineering, College of Engineering, King Saud University, Riyadh, Saudi Arabia.
CGPA: 4.78/5.00
- **Bachelor of Sciences in Metallurgy and Materials Engineering (2010-2015)**
College of Engineering and Emerging Technologies, University of the Punjab, Lahore, Pakistan.
CGPA: 3.42/4.00
- **Higher Secondary School – BISE Lahore, Pakistan (2008-2010)**
Govt. Islamia College, Railway Road, Lahore.
Percentage: 80.18%
- **Secondary School – BISE Lahore, Pakistan (2006-2008)**
P.R Boys High School, Engine Shed, Lahore.
Percentage: 69.17%

WORK EXPERIENCE:

SALES & APPLICATION ENGINEER

FRP ENGINEERS

Lahore, Pakistan.

(September 2019 to November 2021) **02 years & 03 Months**

THE WORLD OF FIBERGLASS PRODUCTS

FRP ENGINEERS focused business areas are Cooling Towers, Plate Heat Exchangers, FRP Storage Tanks and Vessels for Chemicals, Fuels, and Water and FRP Supply / Exhaust Fans.

MAIN JOB RESPONSIBILITIES:

Attending inquiries from B2B clients through various media. Preparing and submitting techno-commercial proposals, Compliance Sheets, P&ID, Flow schematic, and technical drawings. Following up with potential customers, negotiation, techno-commercial evaluation, meetings, and securing orders. Working closely with the supervisor for business sales development and strategies. Proficient in dealing with company products in terms of range, specification, and technical applications. Keep track of market situation and trends. Pursue, coordinate, and monitor pending order deliveries schedule. Provide prompt backup support, coordinate, and communicate with colleagues from other functional areas. Keep track of shipping documents, L/C drafts, and international vendor management. Reconcile and timely collect outstanding payments and fulfill Sales & recovery targets assigned by the management.

INTERNATIONAL WORK EXPERIENCE:

PRODUCTION (Operations) ENGINEER

MOHAMED HADI AL-RASHEED Co.

Al-Riyadh Governorate, Saudi Arabia.

(December 2016 to February 2019) **02 year & 02 months**

AL-RASHEED

SILICA PLANT

MOHAMED HADI AL-RASHEED Co. deals in the extraction, washing, drying, and screening of silica sand as per the customer's specifications.

MAIN JOB RESPONSIBILITIES:

Ensure material request deadlines from clients are met. Prepare schedules and daily reports of silica sand washing, drying, and screening Units. Compare different materials to find the right balance of quality as per client specifications. Ensure that the production line works smoothly. Evaluate the production equipment to ensure an effective production rate. Prepare maintenance sheet and preventive maintenance checklists for silica sand washing, drying, and screening plants and schedule daily, weekly, monthly, quarterly, and yearly inspections. Manage quotations for spare parts of the machine. Consult with co-workers on production problems and evaluate the production equipment to ensure an effective and efficient production rate.

INTERNATIONAL INTERNSHIP:

- Completed Internship as a Researcher in **PARROTIAS**, Estonia (Remotely)
PERIOD: 1 month (12/Sept/2022 – 12/Oct/2022)

AWARDS & HONORS:

- Fully Funded Scholarship Awarded by King Saud University, KSA for Master's Program in Material Science & Engineering in 2022.
- Laptop Award by Punjab Government, Pakistan in 2012.
- Participated with distinction in the 1st International Kangaroo Mathematics Contest 2005.

PUBLICATIONS:

- Static Behavior of a Prosthetic Running Blade Made from Alloys and Carbon Fiber. ([Link](#))
Publication Date: 03 June 2023, Journal of Disability Research, DOI: 10.57197/JDR-2023-0010, Volume 2, Issue 1, Pages: 63–74
- Study on Process Parameters in Hydrothermal Liquefaction of Rice Straw and Cow Dung: Product Distribution and Application of Biochar in Wastewater Treatment ([Link](#))
Publication Date: 18 September 2023, Processes 2023, 11, 2779, DOI: 10.3390/pr11092779.
- A Review of Different Manufacturing Methods of Metallic Foams ([Link](#))
Publication Date: 05 February 2024, ACS Omega, DOI: 10.1021/acsomega.3c08613
- Fabrication of Hybrid Epoxy Composites (Joint Compound Adhesive) for Aluminum Substrate Applications and Their Evaluation for Mechanical Properties ([Link](#))
Publication Date: 10 September 2024, ACS Omega, DOI: 10.1021/acsomega.4c02971
- A study on value addition of cow dung-based anaerobic sludge for biomethane and bio-oil production via co-liquefaction with rice straw and clam shells as a catalyst ([Link](#))
Publication Date: 15th August 2024, Royal Society of Chemistry, DOI: 10.1039/D4RA00794H

CERTIFICATIONS:

- Pakistan Engineering Council (PEC) Certificate No.: **METAL/03983**
- Training Crouse on “Principles of Corrosion Testing, Corrosion Prevention and Control”
- Training Crouse on “Electro spun Nanofiber Membranes (NFMs): Advanced Biomedical, Environmental, and Energy Applications”
- Training Crouse on “Advanced Technologies in Ceramic Coatings for Engineering Applications”
- Have an IELTS certificate with a 7.0 band.

PROFESSIONAL SKILL & ABILITIES:

Confident communication skills		MS Office	Multitasking	Presentation	Strong Follow-up	RFQ
Strong planning	Coordination	Time management skills		Team management skills		Problem-solving
Negotiation	Vendor management	Analytical Thinking		Techno-commercial proposal making		P&IDs

INTEREST AND HOBBIES:

- Travelling
- Reading books
- Social media
- Cricket
- Chess
