PROFESSIONAL EXPERIENCE

2018 – Present

AIC Calibration & Inspection Lab – Dammam. (SAC & ISO Certified Lab)

Quality Controller – Instruments Certification Division

- Verified the accuracy and reliability of calibration measurements across various instruments and devices, ensuring compliance with industry standards and client specifications.
- Maintained and updated calibration records, quality control documentation, non-conformance logs, and corrective/preventive action reports.
- Conducted internal audits and supported external audits by ISO/SAC bodies, ensuring full adherence to quality & regulatory requirements. Oversaw proper usage, maintenance, and traceability of calibration tools and equipment according to manufacturer and quality guidelines.
- Collaborated with the certification team to review and approve test reports and certificates before client delivery.
- Investigated and documented deviations or anomalies in testing procedures, initiating corrective actions as required.
- Ensured confidentiality, security, and integrity of calibration data and client documentation.
- Communicated directly with clients to address technical inquiries, deliver reports, and ensure satisfaction with quality services.
- Supported continuous improvement initiatives by identifying process gaps, recommending best practices, and participating in quality meetings.

2016 - 2017

MIDCO-Technical Solutions Co. – Jubail.

Sales Coordinator - Instrumentation Division

- Managed customer databases, sales records, contracts, invoices, and purchase Orders.
- Provided administrative support to the sales team, including scheduling, presentations, and reports.
- Prepared & analyzed sales data for trend identification & performance tracking.
- Coordinated client meetings & facilitated timely delivery of products & services.
- Contributed to the implementation of sales strategies and staff onboarding.
- Communicate, develop and maintain relationships with customers. Work with clients to influence specifications and gain product acceptability.
- Review customer or project specifications and make measurement instrumentation selections as well as quotations.
- Use knowledge and other industry contacts to find the market or industry products and price levels

EDUCATION

- **Bachelor of Commerce**
Mangalore University, 2010
- **Pre University Course (Commerce)**
Bangalore University, 2007
- **Diploma in Computer Application**
Mice Computer Science Institution

AREA OF EXPERTISE

- Quality Control & Certification
- Documentation of Calibrated Instruments
- Aramco, ISO & SAC Compliance
- Internal & External Audits
- Document Control & Archiving
- Instruments Technical Data Encoding
- Sales Coordination & Customer Service
- Client Communication & Reporting
- Knowledge of Oil & Gas Industries
- Administrative & Office Support
- Cross-Department Coordination
- Offshore & Onshore Project Summary
- Data Entry & Record Management

COMPUTER SKILLS

- Microsoft Office Suit (Excel, Word, PowerPoint and Outlook)
- Internet & Email Communication
- Applications, Internal Server, Online Portal
- Document Management Software(DMS)

KEY STRENGTHS

- Quick Learner and Strong Work Ethic
- Industry Knowledge & Technical Skill
- Knowledge of Accounts, Cost & Taxation
- Active Listening and Honesty
- Good Leadership Qualities
- Detail-Oriented
- Confident & Professional
- Adaptable to New Environments
- Excellent Time Management
- Instruments Knowledge: Pressure-Electrical, Thermal, Linear

PERSONAL DETAILS

- Nationality : Indian
- Marital Status : Married
- Iqama Status : Transferable
- Iqama Number : 2417791148
- Driving License : Valid

LANGUAGES

- Arabic (Reading, Writing & Speaking)
- English
- Hindi
- Kannada
- Malayalam
- Tamil

2014 - 2015

SK Engineering & Construction Co.Ltd- Aramco Gas Project- Jubail.

Project Document Controller

- Controlled & archived engineering, procurement and construction Documents using DMS tools.
- Manages and maintains electronic documents and records, ensuring their Accuracy, accessibility, and compliance with organizational standards.
- Responsibilities are Document Management, Filing systems, Version Control, Review and Verification & Audit readiness.
- Created and maintained project document templates and registers.
- Ensured timely document flow among stakeholders and tracked Document statuses.
- Reported weekly on documentation progress & addressed compliance issues.
