

EMIL ELDHO

Metallurgical and Materials Engineer Graduate

• Panthapillil HO, Vadakkecherry PO, Palakkad, Kerala • emileldho07@gmail.com
• +91-8075239662 • www.linkedin.com/in/emileldho

CAREER OBJECTIVE

Dedicated Metallurgical and Materials Engineering undergraduate seeking opportunities to contribute to steel processing and advanced manufacturing techniques. I strive to contribute to operational excellence while refining my technical and analytical skills in an innovative industrial setting.

SKILLS

- **Metallurgical Processes:** Heat treatment, Corrosion Engineering, Welding Metallurgy
- **Laboratory Techniques:** Non-destructive Testing, Metallography, Material Testing
- **Material Characterization:** Microstructure Analysis, Optical Microscopy, SEM, Failure Analysis
- **Software:** Minitab, MIAS Software, Autodesk Fusion 360, MS (PowerPoint, Word, Excel)

EDUCATION

Bachelor of Technology (Metallurgical and Materials Engineering)

2021 - 2025

Amal Jyothi College of Engineering Autonomous, Kottayam, Kerala

CGPA 8.22/10 (Up to S7)

(Affiliated to APJ Abdul Kalam Technological University)

Class 12th grade - Central Board of Secondary Education

2020 – 2021

The Sobha Academy, Palakkad, Kerala

CGPA 8.37/10

Class 10th grade - Central Board of Secondary Education

2018 – 2019

The Sobha Academy, Palakkad, Kerala

CGPA 9.24/10

PROJECTS

Final Year Project (Indian Institute of Technology Madras)

June 2024 – March 2025

- A study on microstructure and mechanical properties of wire arc additive manufactured Al 5183 components. To explore and optimize the wire arc additive manufacturing (WAAM) process for aluminum 5183, enhancing its mechanical properties and overall performance for industrial applications.

Mini Project (Funded by Innovation Ideas Unleashed, AJCE)

June 2023 – March 2025

- Enhancing Sustainable Recycling of Aluminum Scrap through Advanced Alloy Development. Improving mechanical properties and corrosion resistance. Developed a scalable, waste-minimizing production process.

INTERNSHIP AND WORKSHOP

- **Internship** (February 2022): Visited Travancore Titanium Products Limited, Thiruvananthapuram, Kerala
- **NPTEL Workshop** (March 2023): Topic on Additive Manufacturing and Joining
- **Technical Talk** (December 2022): IIW Organized Talk on “Welding Metallurgy is Total Metallurgy”

MEMBERSHIPS

- **Indian Institute of Welding membership** (2022-present)

CERTIFICATION

- **NPTEL** (April 2024) - Properties of Materials, Indian Institute of Technology Kanpur

ACHIEVEMENTS

- **National Conference** (March 2025): Attended All India Research Scholar Summit 2025, IIT Madras
- **Manager's Honours List** (2023-2025): Maintained a CGPA of 8.5 or higher
- **International Conference** (December 2024): Attended MEEHCON 2024, NIT Calicut
- **Principal's Honours List** (2022-2023): Maintained a CGPA of 8 - 8.5

LEADERSHIP

- **National Service Scheme Volunteer** (2022-2024)
- **KTU Class Committee Member** (2024-2025)
- **Council Member** (2021-22, 2023-24): Class Representative of Amal Jyothi College of Engineering
- **Coordinator** (2022-2025): Department Media Team, Azure - tech Fest, Placement Campus Ambassador
