RESEARCH INTERESTS

My research interest focuses on the corrosion behavior and electrochemical performance of alloys. I'm interested in developing advanced protective coatings, including surface engineering strategies, to enhance material lifespan in harsh environments.

EDUCATION

B.Sc. (Engg.) Metallurgy & Material Engineering University of Punjab, Lahore 54000, Pakistan Grade: 3.58/4.00 Final Year Project: Investigating the Impact of Calcium Phosphate Conversion Coatings on AZ31B Mg Based Alloys for Improved Biocompatibility and Dissolution Behavior	Nov 2020 - Nov 2024
Intermediate in Pre-engineering Punjab College of Sciences, Lahore 54000, Pakistan Grade: A+	Mar 2018 - Apr 2020
Matriculation in Sciences Mashal Boys High School, Lahore 54000, Pakistan Grade: A+	Mar 2016 - Apr 2018

EXPERIENCE

Project Engineer, Astute Technologies Educations & Consulting Services (ATECS), CCRC, Lahore 54000, Pakistan	May 2025 - Current
---	--------------------

- Conducting laboratory experiments on zinc recovery from Zn dust using hydrometallurgical techniques. Designed and assembled custom experimental setups and performed wet chemistry procedures. Managed procurement of materials and equipment, and maintained detailed experimental records and reports.

Research Engineer, CCRC, IMME, University of Punjab, Lahore 54000, Pakistan	Nov 2024 – Current
--	--------------------

- Currently working on zinc recovery from zinc waste as part of an ATECS company project, conducting research on steel with nickel addition and magnesium alloys to enhance material properties, and mentoring an undergraduate final year project group on research and technical skills.

Research Assistant, CCRC, IMME, University of Punjab, Lahore 54000, Pakistan

Dec 2023 – Oct 2024

- Conducted research on the **corrosion behavior of magnesium alloys**, focusing on surface treatments and electrochemical behavior. Assisted in **corrosion lab sessions** and mentored research groups for potential publications.

Internee Engineer, Heavy Mechanical Complex, Taxila 47080, Pakistan

Jul 2023 – Aug 2023

- Throughout my 4-week internship, I actively engaged in the responsibilities, spanning production planning and control, mechanical tasks, foundry and forge works, quality assurance and control, and technology-related duties. This immersive experience not only broadened my skill set but also provided me with a fundamental knowledge base in these crucial areas.

PROFESSIONAL WORKSHOPS

- Attended ***“2-day Nanotechnology Training Workshop & One day Symposium on Nanotechnology research”*** organized by NIBGE, Jhang Road, Faisalabad 38000, Pakistan.
- Attended ***“2 days workshop on Nanotech Essentials”*** organized by Department of Plant pathology, University of Punjab, Lahore 54000, Pakistan.
- Attended ***“01 CDP Point workshop on Advancing casting technology”*** organized by Pak-Austria Fachhochschule: Institute of Applied science & technology, Haripur-KPK 22600, Pakistan.

CERTIFICATIONS

- Attended ***“Introduction to occupational safety and Health as Profession”*** seminar organized by Procyon Group.
- Attended ***“Internship Webinar 2.0”*** webinar organized by Career Crafters.
- Attended ***“Use of Conventional Advanced NDT Technique in Asset Condition Assessment Process”*** webinar Organized by Velosi Integrity & Safety Pakistan.
- Attended ***“The fundamentals of Pressure Vessel Design in Accordance with ASME Integrity & Engineering Consultancy Services”*** by Velosi Integrity & Safety Pakistan.

COMPUTER PROFICIENCIES

1. AutoCAD 2. MATLAB 3. SolidWorks 4. MS Office 5. Canva 6. Echem Analyst 7. Gwyddion

AWARD & ACHIEVEMENTS:

- Received **Merit-Based Lenovo Laptop Award** from Prime Minister of Pakistan Laptop Scheme 2023

RESEARCH MANUSCRIPTS:

- Influence of CaO alloying on the corrosion resistance and biocompatibility of AZ61 Mg Alloy in physiological environments. [Journal of Alloys and Compounds \(under review\)](#)
Umer Masood Chaudry, Hafiz Muhammad Rehan Tariq, **Zeeshan Asif**, Ameeq Farooq, Asima Tayyeb, Hongbiao Dong, Mansoor Ali, Tea-Sung Jun
- Effect of concentration and temperature on the corrosion behavior of AZX311 Mg alloy in chloride and sulfate environment ([near to submission](#))
Umer Masood Chaudry, **Zeeshan Asif**, Ameeq Farooq, Hongbiao Dong
